Dear Vice Minister Adomenas,

Re: Request for your help in the donation of COVID-19 vaccine

I am again touched to learn that Lithuania might have the capacity to donate to Taiwan a second batch of COVID-19 vaccine to meet our need. On behalf of the government and people of Taiwan, I sincerely thank Lithuania for the heartfelt friendship and good will during our times of difficulties and challenges.

In order to efficiently receive, process, and distribute the vaccine donated by Lithuania, Taiwan's Ministry of Health requests your colleagues' kind assistance in providing the following information at your earliest convenience, including (1) brand of the vaccine, (2) manufacturing site, (3) certificate of origin, (4) product batch number, (5) expiry date, (6) origin of drug substance, and (7) origin of drug production.

Please also kindly guide us through the procedure of signing agreements on the donation of vaccines. My colleague Mr. Yuri Li, Third Secretary, who can be reached by mobile phone +371-2646-4632 and email jjli01@mofa.gov.tw, will be the contact window for your colleagues on this matter. I will also be pleased to personally get involved anytime in the process.

Thank you very much again and, Your Excellency, please accept the assurances of my highest consideration.

Sincerely yours,

Eric Huang  
Representative and Head of Mission
