№ 61210/22-012-111720

The Embassy of Ukraine in the Republic of Lithuania presents its compliments to the Ministry of Foreign Affairs of the Republic of Lithuania and has the honour to inform as follows.

The Second International Summit on Food Security will be held on November 25th, 2023, in Kyiv under the auspices of the President of Ukraine.

The Summit as well as the Grain from Ukraine initiative are expected to show strong international solidarity in the face of Russia's attempts to disrupt supply chains and use food as a means of coercion and pressure. It is an integral element of the Ukrainian Peace Formula. The participants of this year's Summit are invited to make additional contributions to purchase foodstuff for the most vulnerable countries.

Ukraine appreciates Lithuania's valuable support of the Grain from Ukraine initiative and would welcome its further financial contribution to the Initiative with the view to strengthen global food security alliance.

In this regard, the Ukrainian Side requests the Lithuanian Side to consider participation in the Summit on the highest level and the possibility of donation/financial participation of the Republic of Lithuania in realization of the Ukrainian humanitarian initiative "Grain from Ukraine".

The Embassy of Ukraine in the Republic of Lithuania avails itself of this opportunity to renew to the Ministry of Foreign Affairs of the Republic of Lithuania the assurances of its highest consideration.

Vilnius, September 19, 2023
