**1.5. Rūdninkai “Phase I and Phase II” infrastructure development:**

- 1.5.1. Current progress status presented by LTU;
- 1.5.2. MASTERPLAN Phase I was presented;
- 1.5.3. The first draft/idea of development of Phase II was presented;
- 1.5.4. LTU stated that implementation procedures of Phase II were initiated;
- 1.5.5. DEU expressed the need for the development and/or adaptation of military infrastructure (special-purpose buildings/barracks) beyond the boundaries of the Rūdninkai training area, i.e., in close proximity (within walking distance) to the planned military garrison at the Rūdninkai training area;
- 1.5.6. Agreed, individual infrastructure buildings in both Phase I and Phase II will be developed based on the priorities established by the needs of DEU;
- 1.5.7. Agreed that the most important thing is to agree on the main moments of the projects and move forward, while small additions and corrections should be made during the design process;
