6 Clearing – a system enabling the number of payments to be made to be kept to a minimum by drawing up a periodic debit and credit balance for the parties involved. Clearing involves two stages: determining the bilateral balances and, by adding these balances, calculating the overall position of each entity with regard to the entire community in order to carry out only one settlement based on the debtor or creditor position of the entity in question.

8 Liaison account – giro account opened reciprocally by designated operators as part of bilateral relations, by means of which mutual debts and credits are settled.

IV. On behalf of Georgia

At the fourth Extraordinary Congress of the Universal Postal Union (Riyadh, Saudi Arabia 2023), the delegation of Georgia declares the following:

- The Government of Georgia is deprived of the possibility to exercise its de facto jurisdiction over the entire territory of Georgia within its internationally recognized borders, including within the postal sector, as a result of continuous military aggression against Georgia and the illegal occupation of Georgia's indivisible regions of Abkhazia and Tskhinvali Region/South Ossetia by the Russian Federation, which continues in blatant violation of the fundamental principles and norms of international law, the Helsinki Final Act, the United Nations Charter and UN Security Council resolutions.

V. On behalf of Türkiye

The delegation of the Republic of Türkiye makes the following statement in connection with the participation of the delegation of the Greek Cypriot Administration of Southern Cyprus in the fourth Extraordinary Congress of the Universal Postal Union purportedly on behalf of the "Republic of Cyprus":

- In view of the above, Türkiye declares that its presence and participation in the work of the Universal Postal Union, its signature of the final Acts and its approval of the Abidjan Postal Strategy does not amount to any form of recognition of the Greek Cypriot Administration's pretention to represent the so-called "Republic of Cyprus", and nor does it imply any obligations on the part of Türkiye to enter into any dealing with the so-called "Republic of Cyprus" within the framework of Universal Postal Union activities.

On behalf of the Republic of Indonesia, its delegation to the fourth UPU Extraordinary Congress (Riyadh, 2023):

- reserves the right for its Government to take any action and preservation measures it deems necessary to safeguard its national interests should any provision of the Constitution, General Regulations, Universal Postal Convention, agreements and final protocols, as well as any decision of the fourth UPU Extraordinary Congress (Riyadh, 2023), directly or indirectly affect its sovereignty or be in contravention to the Constitution, laws and regulations of the Republic of Indonesia, as well as the existing rights acquired by the Republic of Indonesia as a party to other treaties and conventions, and any principles of international law;
- further reserves the right for its Government to take any action and preservation measures it deems necessary to safeguard its national interests should any member country in any way fail to comply with the provisions of the Constitution, General Regulations, Universal Postal Convention, agreements and final protocols of the UPU (Riyadh, 2023), or should the consequences of reservations by any member country jeopardize its postal services or result in an unacceptable increase of its contributory share towards defraying the expenses of the Union.

(Congress—Doc 10.Add 8)

IX. On behalf of Australia

Australia will apply the Acts and other decisions adopted by the Congress only insofar as they are consistent with its other international rights and obligations and, in particular, with the World Trade Organization's General Agreement on Trade in Services.

(Congress—Doc 10.Add 9)

X. *On behalf of Cyprus*

The delegation of the Republic of Cyprus to the fourth Extraordinary Congress of the Universal Postal Union reiterates the declaration that it has made at previous UPU Congresses and rejects unreservedly the declaration and reservation made by the Republic of Türkiye on 1 October 2023 (Congress–Doc 10.Add 5) at the fourth UPU Extraordinary Congress in Riyadh, Saudi Arabia, in connection with the participation, rights and status of the Republic of Cyprus as a member of the UPU.

The Turkish position is totally inconsistent with the relevant provisions of international law and the specific provisions of the mandatory United Nations (UN) Security Council resolutions on Cyprus. It should be noted that, in its resolutions 541 (1983) and 550 (1984), inter alia, the UN Security Council condemned the purported secession of part of the Republic of Cyprus, regarded its “unilateral declaration of independence” as “legally invalid” and called for its withdrawal. It also called on all states not to recognize any Cypriot state other than the Republic of Cyprus and “not to facilitate or in any way assist the aforesaid secessionist entity”.

Lastly, it called on all states to respect the sovereignty, independence, territorial integrity and unity of the Republic of Cyprus. The Republic of Cyprus has been a member state of the UN since gaining its independence in 1960, and a member state of the European Union from 1 May 2004.

It has also been a member of the UPU since November 1961 and, in this capacity, participates in all of the organization’s activities. The Government of the Republic of Cyprus is the internationally recognized government in Cyprus, with the competence and authority to represent the state, notwithstanding the de facto division of the island as a result of the 1974 Turkish invasion. The fact that the Republic of Cyprus has been a full member of the European Union since 1 May 2004 underscores that there is only one state in Cyprus. In recognizing the problems caused by the occupation of part of its territory in implementing European community laws, Protocol 10 to the Act of Accession of the Republic of Cyprus to the European Union provides that implementation of the *acquis communautaire* shall be suspended in the area of the Republic of Cyprus over which its government exercises no effective control.

In view of the above, the declaration and reservation made by the Republic of Türkiye (Congress–Doc 10. Add 5) contravene both the letter and spirit of the UPU Constitution, Convention and agreements. The delegation of the Republic of Cyprus therefore considers any such declaration or reservation to be illegal and null and void, and reserves its rights accordingly.

(Congress–Doc 10.Add 10)

XI. *On behalf of Togo*

In signing the final Acts of the fourth Extraordinary Congress of the Universal Postal Union, the delegation of Togo reserves the right of its government to apply the provisions of the said Acts in accordance with the legislation of Togo and the international agreements to which Togo is a party.

The delegation of Togo also reserves the right of its government not to apply the provisions of the said Acts with regard to states and organizations that fail to comply with or implement the said provisions.

(Congress–Doc 10.Add 11)

XII. *On behalf of Argentina*

The Argentine Republic recalls the declaration it made upon ratifying the Constitution of the Universal Postal Union signed in Vienna, Austria, on 10 July 1964, and reaffirms its sovereignty over the Malvinas Islands, South Georgia, the South Sandwich Islands, and the surrounding maritime areas.

It also recalls that, with regard to the question of the Malvinas Islands, the United Nations General Assembly has adopted resolutions 2065 (XX), 3160 (XXVIII), 31/49, 37/9, 38/12, 39/6, 40/21, 41/40, 42/19 and 43/25, recognizing the existence of a sovereignty dispute and calling upon the Governments of the Argentine Republic and the United Kingdom of Great Britain and Northern Ireland to resume negotiations in order to resolve this dispute.

The Argentine Republic also highlights that the United Nations Special Committee on Decolonization has repeatedly adopted resolutions to the same effect, the most recent being the resolution adopted on 20 June 2023; moreover, the General Assembly of the Organization of American States adopted on 20 June 2023 a new declaration on the question in similar terms.

(Congress—Doc 10.Add 12)

XIII. On behalf of the People's Democratic Republic of Algeria

The delegation of the People's Democratic Republic of Algeria declares that it reserves the right of its country to apply the Acts adopted by the present Extraordinary Congress only insofar as they are consistent with the national legislation and regulations of Algeria and the foreign policy of the Algerian Government.

Moreover, it declares that the signature of the aforementioned Acts shall not be considered a waiver of any of the rights that the country holds and might claim by virtue of the conventions and treaties to which it is party.

The Algerian delegation also reserves the right of its Government to issue, if necessary, other declarations concerning the ratification of the Acts of the Riyadh Extraordinary Congress.

(Congress—Doc 10.Add 13)

XIV. On behalf of the United Kingdom of Great Britain and Northern Ireland

The United Kingdom of Great Britain and Northern Ireland (UK) has no doubt about its sovereignty over the Falkland Islands and South Georgia and the South Sandwich Islands and surrounding maritime areas of both territories. The UK is steadfast in its support for the right of self-determination for Falkland Islanders. This right is enshrined in the UN Charter and in article 1 of the two United Nations (UN) Covenants on human rights. The Falkland Islanders have as much right to determine their political status and freely pursue their economic, social and cultural development as any other peoples.

2023 marks the 10th anniversary of the Falkland Islanders' referendum on sovereignty of the Falkland Islands. The result of the referendum was that 99.8% of those who voted, on a 92% turnout, wanted to maintain the Islands' current status as a self-governing territory of the UK.

The UK's relationship with the Falkland Islands, and all of its Overseas Territories, is a modern one based on partnership, shared values, and the right of the people of each territory to determine their own future. The Argentine Republic continues to deny that this fundamental human right applies to the people of the Falkland Islands, and actively seeks opportunities in international fora to assert its sovereignty claim. This behaviour is wholly incompatible with the principles established in the UN Charter.

Rules of Procedure of Congresses

Article 1

General provisions

The present Rules of Procedure (hereinafter referred to as the “Rules”) have been drawn up pursuant to the Acts of the Union and are subordinate to them. In the event of a discrepancy between one of their provisions and a provision of the Acts, the latter shall prevail.

Article 2

Delegations

1 The term “delegation” shall denote the person or body of persons designated by a member country to take part in a Congress. The delegation shall consist of heads of delegation and, if appropriate, their deputies, one or more delegates and, possibly, one or more attached officials (including experts, secretaries, etc.).

2 Heads of delegation, their deputies, and delegates shall be representatives of member countries within the meaning of article 15.2 of the Constitution if in possession of credentials which comply with the conditions laid down in article 3 of these Rules.

Article 3

Delegates’ credentials

1 Delegates’ credentials shall be drawn up in due and proper form and signed by the Head of State, the Head of Government or the Minister for Foreign Affairs of the country concerned, or by any other government official duly authorized in writing by one of those authorities to sign the credentials. A copy of such authorization shall be presented together with the credentials. Credentials shall preferably be provided in one of the working languages of the International Bureau. Credentials provided in a language other than one of the working languages of the International Bureau (and for which no Union translation service exists) shall be accompanied by an English or French translation, as well as a statement confirming that the translation correctly reflects the content of the original document. The credentials of delegates entitled to sign the Acts (plenipotentiaries) shall specify the scope of such signature (signature subject to ratification or approval, signature ad referendum, definitive signature). In the absence of such specific information, the signature shall be regarded as being subject to ratification or approval. Credentials authorizing the holder to sign the Acts shall implicitly include the right to speak and to vote. Delegates on whom the relevant authorities have conferred full powers without specifying their scope shall be authorized to speak, to vote and to sign the Acts unless the wording of the credentials is explicitly to the contrary. Credentials authorizing the holder to participate on behalf of the country concerned or represent the latter shall implicitly include the right to speak and to vote only.

2 For the purposes of this article and without having to produce specific credentials or full powers, the Heads of State, Heads of Government and Ministers for Foreign Affairs of member countries shall also be considered as representing their respective member country for the purpose of performing any act relating to the conclusion of the Acts of the Union.

3 Credentials shall be deposited, through the intermediary of the Congress Secretariat (hereinafter the “Secretariat”), with the authority designated for that purpose.

4 Member countries whose delegates are not in possession of credentials or which have not deposited their credentials may, provided the names of such delegates have been communicated by their Government to the International Bureau, take part in the debates but shall not have the right to vote until such time as their respective credentials, in due and proper form, are deposited with the authority referred to in paragraph 3. The International Bureau shall assess the adequacy of delegates' credentials and, in case of doubt, refer the matter to the authority referred to in paragraph 3 for consideration.

5 The credentials of a member country which arranges for the delegation of another member country to represent it at Congress (proxy) shall be in the same form as those mentioned in paragraph 1.

6 Credentials and proxies sent by secure electronic means (as well as replies to requests for information associated therewith) shall be admissible provided that compliance with the requirements set forth in paragraph 1 is confirmed by the authority referred to in paragraph 3. For the purposes of this paragraph, "secure electronic means" refers to any electronic means used for the processing, storage and transmission of data that ensure that completeness, integrity and confidentiality of such data are maintained during the submission of the aforementioned credentials and proxies by a member country.

7 A delegation which, after it has deposited its credentials, is prevented from attending one or more meetings, may arrange to be represented by the delegation of another member country, provided that notice in writing is given to the Chair of the meeting concerned. However, a delegation may represent only a single country other than its own.

8 The delegates of member countries which are not parties to an Agreement may take part in the debates of Congress concerning that Agreement, without the right to vote.

Article 4

Order of seating

1 At Congress and Committee meetings, delegations shall be seated in the French alphabetical order of the member countries represented.

2 The Chair of the Council of Administration shall draw lots, in due course, for the name of the country to be placed foremost before the rostrum at Congress and Committee meetings.

Article 5

Observers and ad hoc observers

1 The observers and ad hoc observers shall not be entitled to vote, but may take the floor with the permission of the Chair of the meeting.

2 In exceptional circumstances, the right of observers and ad hoc observers to participate in certain meetings, or parts of meetings, may be restricted if the confidentiality of the subject dealt with so requires. They shall be so informed as quickly as possible. This restriction may be decided on a case-by-case basis by any body concerned or its Chair. Such decisions shall be reviewed by the Bureau of Congress, which shall have the authority to confirm or reverse such decisions by a simple majority vote.

Article 6

Chairmanships and vice-chairmanships of Congress

1 At its first plenary meeting, Congress shall elect, on the proposal of the host member country of the Congress, the Chair of Congress and then approve, on the proposal of the Council of Administration, the appointment of the member countries which are to assume the vice-chairmanships of Congress and the chairmanships and vice-chairmanships of the Committees. These posts will be assigned taking as much account as possible of the equitable geographical distribution of the member countries.

2 The Chairs shall open and close the meetings over which they preside, direct the debates, give speakers the floor, put proposals to the vote and announce what majority is required for their adoption, announce decisions and, subject to the approval of Congress, interpret such decisions if necessary.

3 The Chairs shall see that the present Rules are observed and that order is maintained at meetings.

4 Any delegation may appeal to the Plenary or the Committee against a decision taken by the Chair on the basis of a provision or interpretation of the Rules. The Chair's decision shall nevertheless hold good unless rescinded by a majority of the members present and voting.

5 Should the member country appointed to the chairmanship be no longer able to exercise this function, one of the Vice-Chairs shall be appointed by the Plenary or the Committee to replace it.

Article 7

Bureau of Congress

1 The Bureau shall be the central body responsible for directing the work of Congress. It shall consist of the Chair and Vice-Chairs of Congress and the Chairs of the Committees. It shall meet periodically to review the progress of the work of Congress and to make recommendations designed to facilitate such progress. It shall assist the Chair in drawing up the agenda of each plenary meeting and in coordinating the work of the Committees. It shall make recommendations relating to the closing of Congress.

2 The Secretary General of Congress and the Assistant Secretary General, mentioned in article 10.1, shall attend the meetings of the Bureau.

Article 8

Membership of Committees

1 The member countries represented in Congress shall, as of right, be members of the Committees responsible for studying proposals relating to the Constitution, the General Regulations and the Convention.

2 Member countries represented in Congress which are parties to one or more of the optional Agreements shall, as of right, be members of the Committee and/or Committees responsible for the revision of these Agreements. The right to vote of members of the Committee or Committees shall be confined to the Agreement or Agreements to which they are parties.

3 Member countries which are not members of Committees dealing with the Agreements may attend meetings of those Committees and take part in the debates without the right to vote.

Article 9

Working parties

Congress and each Committee may set up working parties to study special questions.

Article 10

Secretariat of Congress

1 The Secretariat shall be provided by the International Bureau with the assistance of the host member country.

2 The Director General and the Deputy Director General of the International Bureau shall act as Secretary General and Assistant Secretary General of Congress, respectively.

3 The Secretary General and the Assistant Secretary General shall attend the meetings of Congress and of the Bureau of Congress and take part in the debates without the right to vote. They may also attend, under the same conditions, Committee meetings or be represented thereat by a senior official of the International Bureau.

4 Officials of the International Bureau shall act as Secretaries of the Plenary, of the Bureau of Congress and of the Committees. They shall assist the Chair during meetings and shall be responsible for writing the reports.

5 The Secretaries of the Plenary and of the Committees shall be assisted by Assistant Secretaries.

Article 11

Languages of debates

1 Subject to paragraph 2, French, English, Spanish and Russian may be used for debates, by means of a system of simultaneous or consecutive interpretation.

2 The debates of the Drafting Committee shall be held in French.

3 Other languages may also be used for the debates mentioned in paragraph 1. The language of the host country shall have priority in this connection. Delegations using other languages shall arrange for simultaneous interpretation into one of the languages mentioned in paragraph 1, either by means of the simultaneous interpretation system, when the necessary technical alterations can be made, or by special interpreters.

4 The cost of the interpretation services shall be divided among the member countries using the same language in proportion to their contributions to the expenses of the Union.

Article 12

Languages used for drafting Congress documents

1 Documents prepared during Congress including draft decisions submitted to Congress for approval shall be published in French by the Secretariat.

2 To this end, documents produced by delegations of member countries shall be submitted in French, either direct or through the intermediary of the Secretariat's translation services.

3 The above services, organized at their own expense by the language groups set up in accordance with the relevant provisions of the General Regulations, may also translate Congress documents into their respective languages.

Article 13

Proposals

1 All questions brought before Congress shall be the subject of proposals.

2 All proposals published by the International Bureau before Congress shall be regarded as being submitted to Congress.

3 Two months before Congress opens, no proposal shall be considered except those amending earlier proposals.

4 The following shall be regarded as amendments: any proposal which, without altering the substance of the original proposal, involves a deletion from, addition to or revision of a part of the original proposal. No proposed change shall be regarded as an amendment if it is inconsistent with the meaning or intent of the original proposal. In case of doubt, Congress or the Committee shall decide the matter.

5 Amendments submitted at Congress to proposals already made shall be communicated to the Secretariat in writing, in French, before noon on the day but one before the day on which they will be discussed, so that they can be distributed to delegates the same day. This time limit shall not apply to amendments arising directly from the debates in the Plenary or in a Committee. In the latter case, if so requested, the author of the amendment shall submit a written version in French or in any other language used for debates. The Chair concerned shall read it out, have it read out, or visually present it for delegates.

6 The procedure laid down in paragraph 5 shall also apply to the submission of proposals that are not designed to amend the text of the Acts (draft resolutions, draft recommendations, draft formal opinions, etc.) where these proposals result from the work of Congress.

7 Any proposal or amendment shall give the final form of the text which is to be inserted in the Acts of the Union, subject, of course to revision by the Drafting Committee.

Article 14

Consideration of proposals in Plenary and in Committees

1 Drafting proposals (the number of which shall be followed by the letter R) shall be assigned to the Drafting Committee either direct, if the Secretariat has no doubt as to their nature (a list of such proposals shall be drawn up for the Drafting Committee by the Secretariat), or, if the Secretariat is in doubt as to their nature, after the other Committees have confirmed that they are purely of a drafting nature (a list of such proposals shall likewise be drawn up for the Committees concerned). If, however, such proposals are linked with other proposals of substance to be considered by the Plenary or by other Committees, the Drafting Committee shall postpone consideration of them until after the Plenary or the other Committees have taken a decision on the corresponding proposals of substance. Proposals whose numbers are not followed by the letter R but which, in the opinion of the Secretariat, are of a drafting nature, shall be referred direct to the Committees concerned with the corresponding proposals of substance. When these Committees begin work, they shall decide which of the proposals shall be assigned direct to the Drafting Committee. A list of these proposals shall be drawn up by the Secretariat for the Committees concerned.

2 If the same question is the subject of several proposals, the Chair shall decide the order in which they are to be discussed, starting as a rule with the proposal which departs most from the basic text and entails the most significant change in relation to the status quo.

3 If a proposal can be subdivided into several parts, each part may, if the originator of the proposal or the assembly so agrees, be considered and voted upon separately. The same possibility shall apply for the simultaneous consideration of several related proposals.

4 Any proposal withdrawn in Plenary or in Committee by its originator may be resubmitted by the delegation of another member country. Similarly, if an amendment to a proposal is accepted by the originator of the proposal, another delegation may resubmit the original, unamended proposal.

5 Any amendment to a proposal which is accepted by the delegation submitting the proposal shall be immediately included in the text thereof. If the originator of the original proposal does not accept an amendment, the Chair shall decide whether the amendment or the proposal shall be voted upon first, starting with whichever departs furthest from the meaning or intent of the basic text and entails the most significant change in relation to the status quo.

6 The procedure described in paragraph 5 shall also apply where more than one amendment to a proposal is submitted.

7 The Chair of Congress and the Chairs of Committees shall arrange for the text of the proposals, amendments or decisions adopted to be passed to the Drafting Committee, in writing, after each meeting.

Article 15

Debates

1 Delegates may not take the floor until they have been given permission to do so by the Chair of the meeting. They shall be urged to speak slowly and distinctly. The Chair shall afford delegates the possibility of freely and fully expressing their views on the subject discussed, so long as that is compatible with the normal course of the debate.

2 Unless a majority of the members present and voting decides otherwise, speeches shall not exceed five minutes. The Chair shall be authorized to interrupt any speaker who exceeds the said authorized time. The Chair may also ask the delegate not to depart from the subject.

3 During a debate, the Chair may, with the agreement of the majority of the members present and voting, declare the list of speakers closed after reading it out. When the list is exhausted, the Chair shall declare the debate closed, although even after the closing of the list the Chair may grant the originator of the proposal under discussion the right to reply to any of the speeches delivered.

4 The Chair may also, with the agreement of the majority of the members present and voting, limit the number of speeches by any one delegation on a proposal or a certain group of proposals; but the originator of the proposal shall be given the opportunity of introducing it and speaking subsequently if it asks to do so in order to make new points in reply to the speeches of other delegations, so that it may, if so wished, be the last speaker.

5 With the agreement of the majority of the members present and voting, the Chair may limit the number of speeches on a proposal or a certain group of proposals; but this limit may not be less than five for and five against the proposal under discussion.

Article 16

Motions on points of order and procedural motions

1 During the discussion of any question and even, where appropriate, after the closure of the debate, a delegation may submit a motion on a point of order for the purpose of requesting:

- 1.1 clarification on the conduct of the debates;
- 1.2 observance of the Rules of Procedure;
- 1.3 a change in the order of discussion of proposals suggested by the Chair.

The motion on a point of order shall take precedence over all questions, including the procedural motions set forth in paragraph 3.

2 The Chair shall immediately give the desired clarifications or take the decision which it considers advisable on the subject of the motion on a point of order. In the event of an objection, the Chair's decision shall be put to the vote forthwith.

3 In addition, during discussion of a question, a delegation may introduce a procedural motion with a view to proposing:

- 3.1 the suspension of the meeting;
- 3.2 the closure of the meeting;
- 3.3 the adjournment of the debate on the question under discussion;
- 3.4 the closure of the debate on the question under discussion.

Procedural motions shall take precedence, in the order set out above, over all other proposals except the motions on points of order referred to in paragraph 1.

4 Motions for the suspension or closure of the meeting shall not be discussed, but shall be put to the vote immediately.

5 When a delegation proposes adjournment or closure of the debate on a question under discussion, only two speakers against the adjournment or the closure of the debate may speak, after which the motion shall be put to the vote.

6 The delegation which submits a motion on a point of order or a procedural motion may not, in its submission, deal with the substance of the question under discussion. The proposer of a procedural motion may withdraw it before it has been put to the vote, and any motion of this kind, whether amended or not, which is withdrawn may be reintroduced by another delegation.

Article 17

Quorum

1 Subject to paragraphs 2 and 3, the quorum necessary for the opening of the meetings and for voting shall be half the member countries represented in Congress and having the right to vote.

2 For votes on amending the Constitution and the General Regulations, the quorum required shall be two thirds of the Union member countries having the right to vote.

3 In the case of the Agreements, the quorum required for the opening of the meetings and for voting shall be half the member countries represented at Congress which are parties to the Agreement concerned and have the right to vote.

4 Delegations which are present but do not take part in a given vote, or which state that they do not wish to take part therein, shall not be considered absent for the purpose of establishing the quorums required under paragraphs 1, 2 and 3.

Article 18

Voting principle and procedure

1 Questions which cannot be settled by common consent shall be decided by vote.

2 Votes shall be taken by the traditional system or by the electronic voting system. They shall normally be taken by the electronic system when that system is available to the assembly. However, in the case of a secret ballot, the traditional system may be used if one delegation, supported by a majority of the delegations present and voting, so requests.

3 For the traditional system, the methods of voting shall be as follows:

3.1 by show of hands. If there is doubt about the result of such a vote, the Chair, if it so wishes or if a delegation so requests, may arrange for an immediate roll-call vote on the same question;

3.2 by roll-call, at the request of a delegation or if so decided by the Chair; the roll shall be called according to the French alphabetical order of the countries represented, beginning with the country whose name is drawn by lot by the Chair; the result of the vote, together with a list of the countries grouped according to the way they voted, shall be included in the report of the meeting;

3.3 by secret ballot, using ballot papers, if requested by two delegations; in this case, the Chair of the meeting shall appoint three tellers, having regard to equitable geographical representation and the level of economic development of the member countries, and make the necessary arrangements for the holding of a secret ballot.

4 For the electronic system, the methods of voting shall be as follows:

4.1 non-recorded vote: it replaces a vote by show of hands;

4.2 recorded vote: it replaces a roll-call vote; however, the names of the countries shall not be called unless one delegation, supported by a majority of the delegations present and voting, so requests;

4.3 secret ballot: it replaces the secret ballot by ballot papers.

5 Regardless of the system of voting used, the secret ballot shall take precedence over any other voting procedure.

6 Once the voting has begun, no delegation may interrupt it, except to raise a point of order relating to the way in which the vote is being taken.

7 After the vote, the Chair may permit delegates to explain why they voted as they did.

Article 19

Conditions of approval of proposals

1 To be adopted, proposals involving amendments to the Acts must:

1.1 in the case of the Constitution, be approved by at least two thirds of the member countries of the Union having the right to vote;

1.2 in the case of the General Regulations, be approved by a majority of the member countries represented in Congress and having the right to vote;

1.3 in the case of the Convention, be approved by a majority of the member countries present and voting which have the right to vote;

1.4 in the case of the Agreements, be approved by a majority of the member countries present and voting which are parties to the Agreements and have the right to vote.

2 Procedural matters which cannot be settled by common consent shall be decided by a majority of the member countries present and voting which have the right to vote. The same shall apply to decisions not concerning changes in the Acts, unless Congress decides otherwise by a majority of the member countries present and voting which have the right to vote.

3 Subject to paragraph 5, "member countries present and voting" shall mean member countries which have the right to vote voting "for" or "against", abstentions being disregarded in counting the votes required to constitute a majority, and similarly blank or null and void ballot papers in the case of a secret ballot.

4 In the event of a tie, a proposal shall be regarded as rejected.

5 When the number of abstentions and blank or null and void ballot papers exceeds half the number of votes cast (for, against and abstentions), consideration of the matter shall be deferred until a subsequent meeting, at which abstentions and blank or null and void ballot papers shall be disregarded.

Article 20

Election of the members of the Council of Administration or the Postal Operations Council

In order to decide between countries which have obtained the same number of votes in elections of members of the Council of Administration or the Postal Operations Council, the Chair shall draw lots.

Article 21

Election of the Director General and the Deputy Director General of the International Bureau

1 The elections of the Director General of the International Bureau and of the Deputy Director General shall take place by secret ballot successively at one or more meetings held on the same day. The candidate who obtains a majority of the votes cast by the member countries present and voting shall be elected. As many ballots shall be held as are necessary for a candidate to obtain this majority.

2 "Member countries present and voting" shall mean member countries voting for one of the candidates whose applications have been announced in due and proper form, abstentions and blank or null and void ballot papers being ignored in counting the votes required to constitute a majority.

3 If the number of abstentions and blank or null and void ballot papers exceeds half the number of votes cast in accordance with paragraph 2, the election shall be deferred to a later meeting, at which abstentions and blank or null and void ballot papers shall no longer be taken into account.

4 The candidate who obtains the least number of votes in any one ballot shall be eliminated.

5 In the event of a tie, an additional ballot, and if necessary a second additional ballot, shall be held in an attempt to decide between the tying candidates, the vote relating only to these candidates. If the result is inconclusive, the election shall be decided by drawing lots. The lots shall be drawn by the Chair.

6 The candidates for Director General and Deputy Director General of the International Bureau may, at their request, be represented at the counting of the votes.

Article 22

Reports

1 The reports of plenary meetings shall record the course of the meetings, briefly summarize speeches, and mention proposals and the outcome of the debates.

2 The debates of Committee meetings shall be the subject of reports to the Plenary. As a general rule, Working Parties shall prepare a report for the body that set them up.

3 Delegates, however, shall be entitled to ask for any statement made by them to be included in the reports either verbatim or in summary form, provided the French or English text is handed to the Secretariat not later than two hours after the end of the meeting.

4 Delegates shall be allowed a period of twenty-four hours, from the moment when the draft reports are distributed, in which to make their comments to the Secretariat, which, if necessary, shall act as an intermediary between the party concerned and the Chair of the meeting in question.

5 As a general rule and subject to the provisions of paragraph 4, at the beginning of each plenary meeting, the Chair shall submit the report of a previous meeting for approval. The same shall apply in regard to Committee reports. The reports of the last meetings which it has not been possible to approve in Plenary or in a Committee shall be approved by the respective Chairs of the meetings. The International Bureau shall also take account of any comments received from delegates of member countries within forty days of the dispatch of the reports to them.

6 The International Bureau shall be authorized to correct in the reports of meetings of the Plenary and Committees any clerical errors or drafting issues which were not brought to light when the minutes were approved in accordance with paragraph 5.

Article 23

Appeal against decisions taken by the Committees and by the Plenary

1 Any delegation may appeal against a decision concerning proposals (Acts, resolutions, etc.) which have been approved or rejected in Committee. Notice of the appeal must be given to the Chair of Congress, in writing, within 48 hours from the adjournment of the Committee meeting at which the proposal was approved or rejected. The appeal shall be considered during the next plenary meeting.

2 When a proposal has been adopted or rejected by the Plenary, it can be reconsidered by the same Plenary only if the appeal has been supported by at least 10 delegations. Such an appeal must be approved by a two-thirds majority of the members present and voting which have the right to vote. This possibility shall be limited to proposals submitted direct to the Plenary, it being understood that a single question cannot give rise to more than one appeal.

Article 24

Approval by Congress of draft decisions (Acts, resolutions, etc.)

1 As a general rule, each draft Act submitted by the Drafting Committee shall be studied article by article. The Chair may, with the agreement of the majority, use a faster procedure, for instance chapter by chapter. In the absence of consensus, each Act can only be regarded as adopted after an overall favourable vote; article 19.1 shall apply to such a vote.

2 The International Bureau shall be authorized to correct in the final Acts any clerical errors or drafting issues which have not come to light during the study of the draft Acts, including, without limitation, the numbering of articles and paragraphs and references.

3 The drafts of decisions other than those amending the Acts, submitted by the Drafting Committee, shall as a general rule be considered en bloc. The provisions of paragraph 2 shall also apply to the drafts of these decisions.

Article 25

Assignment of studies to the Council of Administration and the Postal Operations Council

On the recommendation of its Bureau, Congress shall assign studies to the Council of Administration and the Postal Operations Council, in accordance with the respective compositions and responsibilities of these two bodies as they are set forth in articles 106, 107, 112 and 113 of the General Regulations.

Article 26

Reservations to Acts

1 Reservations **to the Acts of the Union shall** be submitted in the form of a proposal to the Secretariat in writing in one of the working languages of the International Bureau (proposals concerning the **Final Protocol**).

2 To enable it to distribute proposals concerning reservations to all member countries before adoption of the Final Protocol by Congress, the Secretariat shall set a deadline for the submission of reservations and notify member countries of it.

3 Reservations to the Acts of the Union submitted after the deadline set by the Secretariat shall not be considered by the Secretariat or by Congress.

Article 27

Signature of Acts

Subject to article 24.2, the Acts finally approved by Congress shall be submitted to the plenipotentiaries for signature. Except as otherwise decided by Congress, such Acts shall remain open for signature to all member countries at the headquarters of the Union for 30 days following their adoption by Congress, and thereafter remain open to accession.

Article 28

Amendment of the Rules

1 Each Congress may amend the Rules of Procedure. In order to be accepted for discussion, proposals to amend the present Rules, unless submitted by a UPU body empowered to put forward proposals, shall be supported in Congress by at least 10 delegations.

2 To be adopted, proposals for amendments to the present Rules must be approved by at least two thirds of the member countries represented in Congress and having the right to vote.

Resolution C 3/2023

Further reform and opening of the UPU to wider postal sector players

Congress,

Recalling

that the Union's mission is to stimulate the lasting development of efficient and accessible universal postal services of quality in order to facilitate communication between the inhabitants of the world,

Recalling also

that the Union is an intergovernmental organization and a specialized agency of the United Nations whose aim is to secure the organization and improvement of the postal services and to promote in this sphere the development of international collaboration,

Recognizing

that increased access of wider postal sector players to the Union's products and services will help to advance the mission of the organization,

Taking note

of Congress resolution C 11/2021, which instructed the Union's bodies to continue work on proposals aimed at engaging in further reform and opening of the UPU to wider postal sector players,

¹ If the Extraordinary Congress (EC) decides for the inclusion of these issues on its agenda in the opening plenary session.

Acknowledging

the pressure on the global postal network as a result of declining mail volumes, changing consumer expectations and increasing levels of competition from traditional and new players active in the cross-border delivery market,

Taking into consideration

the increasing number of commercial relationships beyond the postal network through collaboration between the Union's designated operators with private sector logistics companies, parcel delivery networks and e-commerce consolidators and platforms,

Believing

that Union member countries and their designated operators can more effectively serve the needs of citizens and businesses through collaboration with wider postal sector players where possible and that such collaboration could be beneficial to designated operators,

Bearing in mind

that any collaboration between wider postal sector players and designated operators should not compromise the ability of the latter to fulfil their obligations arising under the Acts of the Union,

Emphasizing

the importance of developing harmonized standards and technical solutions that support all of the Union's designated operators, including those of low-volume developing countries, enabling them to attract additional volumes to their networks to further financially sustain their operations,

Decides

- to adopt the recommendations as outlined in Congress–Doc 4. Annex 2, including the timelines set out therein, relevant to the continuation of work and studies with a view to developing proposals for submission to the 2025 Congress that will allow, on a reciprocal basis, as appropriate, for interoperability and interconnection between designated operators and wider postal sector players on account of harmonized standards and technical solutions to be developed and implemented by the bodies of the UPU;
- that any proposal to be developed by the UPU bodies for submission to the 2025 Congress shall exclude the use of UPU remuneration systems, international mail processing centre (IMPC) codes and any of the existing forms specific to the fulfilment by designated operators of the obligations arising under the Acts,

Instructs

- the Council of Administration and the Postal Operations Council to implement this decision by developing, for consideration by the 2025 Congress, in due observance of the directions set forth in Congress–Doc 4. Annex 2, the following:
 - proposals that include a ready-to-market interoperability framework agreement (IFA) and model contract, as described in Congress–Doc 4. Annex 2. Attachment 1;
 - proposals that include a ready-to-market transport interoperability and interconnection marketplace, supported by a transport framework agreement, as described in Congress–Doc 4. Annex 2. Attachment 2;
 - proposals for a first mile injection model based on a standard interface, as described in Congress–Doc 4. Annex 2. Attachment 3;
 - work plans outlining deliverables arising from the proposals submitted to the 2025 Congress;
- the Council of Administration to:
 - examine and approve a proposal by the POC to establish a user-funded subsidiary body, funded by voluntary means, in order to organize the operational, commercial, technical and economic activities falling within the scope of this resolution and the activities outlined in Congress–Doc 4. Annex 2, in accordance with article 153 of the General Regulations;

- monitor the overall implementation of this resolution and provide feedback to the POC and the International Bureau on the implementation thereof and ensure that, in accordance with the functions of the CA as contained in article 107 of the General Regulations, the proposals for the 2025 Congress reflect the objectives and recommendations set out in this resolution and Congress–Doc 4. Annex 2;
 - submit to the 2025 Congress a full programme and budget impact statement specific to the extrabudgetary activities set out in Congress–Doc 4. Annex 2, informed by the results of an analysis to be conducted by the POC of the costs associated with the development, maintenance and management of the three interoperability models described in Congress–Doc 4. Annex 2;
 - review the current set of principles guiding this work, with the aim of ensuring that they are still fit for purpose, and, if this is not considered to be the case, develop a revised set of principles to be proposed to the 2025 Congress to guide the work on the continued development and implementation of the three interoperability models described in Congress–Doc 4. Annex 2 in the next work cycle (2026–2029);
 - identify any other specific requirements or aspects relevant to the development and implementation of the three interoperability models described in Congress–Doc 4. Annex 2, and include the outcomes of that assessment in the CA report to the 2025 Congress, and in any proposal that it is deemed necessary to submit to that Congress;
 - insofar as necessary, develop any proposals for submission to the 2025 Congress to amend the provisions of the General Regulations relevant to the definition of the wider postal sector players, the mechanism to receive financial contributions from these entities, and their access to any solutions to be developed by the Union bodies;
 - conduct an assessment of the regulatory and market impacts of the proposals to be submitted to the 2025 Congress, in particular those associated with the three interoperability models described in Congress–Doc 4. Annex 2, and report the conclusions thereof, along with the proposals, to the 2025 Congress;
- the Postal Operations Council to:
- review and develop, in relation to the proposals for an IFA to be submitted to the 2025 Congress, the following specific aspects of that agreement:
 - subject to the conclusions of a technical assessment, guidelines or identifiers relevant to the locations of handover of items between wider postal sector players and designated operators;
 - subject to the conclusions of a technical assessment, guidelines or unique identifiers relevant to the identification of items, receptacles and/or consignments necessary for optimal interoperability between wider postal sector players and designated operators;
 - business rules or guidelines that specify the requirements relevant to the presentation and operational handling of items exchanged between a wider postal sector player and a designated operator;
 - a description of the specifications, including weight and size limitations as well as service features, relevant to items that are subject to the IFA;
 - a set of technical specifications and standards concerning electronic data interchange and the encoding of items (and possibly dispatches), as well as requirements and solutions, such as application programming interfaces, to facilitate the exchange of such information between different data networks for operational and customer visibility purposes;
 - subject to the conclusions of a technical assessment, any technical standards or forms relevant to the identification of items and dispatches for operational and accounting purposes;
 - proposed provisions specific to the sharing and protection of personal data for final approval by the CA;

- review and develop, in relation to the proposals for a transport interoperability and interconnection marketplace to be submitted to the 2025 Congress, the necessary elements, to include:
 - the specifications and requirements for an extensive and user-friendly database system that is used to collect and make available information on all possible routes and solutions for the transport of postal items;
 - a ready-to-market database system that facilitates contact between designated operators and cargo/commercial freight service providers for the international transport of postal items, including the other functions described in Congress–Doc 4. Annex 2. Attachment 2;
 - a transport framework agreement as a compliance guide that sets out all required processes, forms and documents for providing UPU-certified transport services;
 - a certification process and access conditions for cargo/commercial freight service providers to access the transport interoperability and interconnection marketplace;
- propose the creation of a user-funded subsidiary body, in accordance with article 153 of the General Regulations, to organize operational, commercial, technical and economic activities falling within the remit of the POC, but which may not be financed by the regular budget, to deliver the mandate set out in this resolution and to carry out the activities outlined in Congress–Doc 4. Annex 2;
- explore means to reduce the costs associated with the operational, commercial, technical and economic activities falling within the remit of this resolution by relying on in-kind support from member countries and their designated operators, and/or wider postal sector players, for example by making available human resources, technology solutions and/or any other type of contributions that could lead to the desired outcome but at a reduced cost;.
- conduct a feasibility study of the transport interoperability and interconnection marketplace and first mile injection model according to the principles set out in Congress–Doc 4. Annex 2. Attachments 2 and 3, including a cost assessment and pricing model, and report the findings thereof to the 2025 Congress;

(Proposition 03, plenary, second meeting)

Resolution C 4/2023

Opening of the UPU to wider postal sector players – Reform as a continuum

Congress,

Recalling

that the UPU is an intergovernmental organization and a specialized agency of the United Nations aiming to promote international cooperation in the postal sector,

Recalling also

the mandate given by Abidjan Congress resolution C 11/2021 to the Union bodies to continue work aimed at further reform and opening of the Union to wider postal sector players (WPSPs),

Further recalling

the mandates outlined in Doha Congress resolutions C 6/2012 and C 7/2012 and in Istanbul Congress resolution C 10/2016 respectively, aimed at potentially allowing access to specific UPU products and services to external stakeholders in the wider postal sector,

Taking into consideration

the extensive work conducted by the Council of Administration pursuant to the mandate of Abidjan Congress resolution C 11/2021,

Bearing in mind

that specific elements remaining from the work of the Council of Administration in relation to the opening of the UPU to wider postal sector players require further analysis and study by the relevant bodies of the Union,

Acknowledging

that both the postal sector and the UPU face various systemic challenges and opportunities,

Recognizing

that a continuous reform process is required to ensure that the UPU is able to adapt and respond to its evolving environment,

Also recognizing

that, in the light of its strategic environment, a holistic approach towards reform is required to ensure the effectiveness of the UPU,

Further recognizing

that some elements of holistic reform will require close coordination with other UN agencies and intergovernmental organizations to ensure alignment,

Noting

the importance of engaging all stakeholders (both current and future) in the reform process,

Decides

to adopt the recommendations outlined in Congress–Doc 4. Annex 3, including the timelines and deliverables set out therein,

Instructs

- the Council of Administration to:
 - establish an appropriate standing body, reporting to the CA Plenary, to undertake the tasks related to axes 1, 2 and 3 and the tasks of axis 4² falling under the responsibility of the CA, noting that the overall objective of the standing body would be to help to ensure that the UPU remains fit for purpose in order to support its key stakeholders, capitalize on global opportunities and respond to changing market, business, citizen and government needs;
 - mandate this body to engage with its members to further develop a list of key topics/areas of focus for axes 1 to 3;
 - mandate this body to deliver an initial set of proposals, as appropriate, for the consideration of the 2025 Congress in Dubai, as well as potential proposals for subsequent Congresses, with all such proposals accompanied by impact assessments where appropriate;
 - mandate this body to deliver regular reports on the progress and implementation of all four axes to the Council of Administration;
 - ensure that this body meets the deliverables and timelines set out in Congress–Doc 4. Annex 3 on the basis of voluntary funding, without prejudice to the Council of Administration’s exclusive prerogative to approve the Union’s Programme and Budget as set forth in article 107.1.4 of the General Regulations;
 - mandate that the body, in carrying out its activities, should work closely, as appropriate, with other relevant bodies of the Union;
 - monitor the progress made by the POC in the delivery of work mandated to it under axis 4 as set out in Congress–Doc 4. Annex 3;¹
 - ensure, in accordance with the relevant rules, the widest possible participation of UPU stakeholders in this work;
- the Postal Operations Council to examine the work falling within its remit under axis 4 as set out in Congress–Doc 4. Annex 3 and develop proposals for adoption by the 2025 Congress in Dubai, as appropriate;
- the International Bureau to provide support in the implementation of this resolution;
- the Consultative Committee to provide input and participate in the work of the standing body, as invited;

Encourages

member countries to:

- actively participate in the work of the standing body and in the development of proposals to be submitted to future Congresses;
- ensure the availability of resources for the creation and sustainability of this critical standing body;

Also encourages

- the restricted unions to lend their support within their respective regions to the important work associated with this mandate;
- the CA and POC committees to work closely with the standing body to ensure collaboration and avoid duplication of work and resources.

(Proposal 04, plenary, second meeting)

² As set out in Congress–Doc 4. Annex 3, the axes are as follows: axis 1 – Keeping the Union future-ready; axis 2 – Further institutional reform; axis 3 – Treaty framework and member country obligations; axis 4 – Development of WS 2 work packages and additional products and services.

Resolution C 5/2023

Further work on the Union's legal framework associated with postal payment and other postal financial services

Congress,

Recognizing

that the Union has been pursuing various initiatives geared at improving the quality of postal payment services (PPS) and promoting the deployment and operation of such services by Union member countries on the basis of the Postal Payment Services Agreement (PPSA) and its Regulations,

Noting

that the aforementioned initiatives have had only a limited impact on PPS volumes, as the network does not cover all Union member countries and members' interest in PPS has varied over time,

Considering

the strategic importance of developing the Union's worldwide electronic postal payment network (WEPPN) in view of its key role, for both the Union and its member countries, in providing PPS to citizens by means of a global solution,

Observing

the slow progress made in meeting the actual needs of Union member countries and the potential for extending the WEPPN,

Also recognizing

that numerous Union member countries and their designated operators have, over the years, expressed a wish to assess, test, deploy and define new digital solutions that could expand their digital financial services (DFS) offering, thus allowing them to increase their reach and customer satisfaction, as well as contribute to advancing financial inclusion, reducing poverty and strengthening the postal sector's role in the global financial services market,

Aware

that the increase in digitization across the globe and the changes in lifestyle of people in both developing and industrialized countries have been driven, inter alia, by considerable growth in the financial services sector,

Also aware

that the possibility of interconnection, through a technical interface between designated operators and other non-designated operator postal financial service (PFS) providers, could significantly widen the scope of digital commerce, financial inclusion and associated international remittances by increasing the number and types of services and providers available, and widening the geographical reach where such services may be offered,

Convinced

that the implementation of PFS reform and the enablement of strategic partnerships and new competitive digital products and solutions are needed to facilitate knowledge transfer and the sharing of best practices with regard to the role of designated operators and other eligible entities in advancing DFS priorities,

Instructs

the Council of Administration and the Postal Operations Council, in their respective areas of competence:

- to review the Union's legal framework associated with postal payment and other PFS in order to potentially identify opportunities and formulate proposals aimed at addressing the gaps and areas for improvement identified in the Union-commissioned study "UPU's Vision 2030 for Postal Financial Services", such as diversification of the scope of services, removal of outdated elements and adoption, as appropriate, of a more flexible approach in terms of product and service definitions, technologies and interoperability rules (including rules for further engagement with wider postal financial service players (WPFSPs));

- to foster, as part of the above review, the development of a truly multilateral “one-time sign-off” legal framework enabling access between all eligible network participants, including, as appropriate, the definition of baseline remuneration conditions between such participants,

Also instructs

the International Bureau, subject to the adoption of appropriate decisions on the developments referred to above:

- to develop appropriate contractual, licensing and/or certification mechanism frameworks aimed at reflecting the aforementioned developments;
- to extend the Union’s centralized technical architecture, known as the “UPU Interconnection Platform” (UPU-IP), to other postal payment and postal financial services, particularly in order to provide an interface for connecting the Union’s network with other WPFSP networks.

(Proposition 05, plenary, third meeting)

Resolution C 6/2023

Creation of a UPU advisory knowledge centre for postal payment and other postal financial services

Congress,

Acknowledging

the important role of postal payment and other postal financial services (collectively “postal financial services”) in promoting financial inclusion and enhancing access to financial services, particularly for low-income and underserved populations,

Recognizing

the increasing demand for postal financial services worldwide, which requires the development of innovative products, services and delivery channels to meet the evolving needs of customers,

Noting

the potential for postal networks to leverage their extensive physical presence, trusted brand and customer relationships to provide affordable, accessible and convenient financial services, including remittances, savings, payment and insurance services,

Also recognizing

the potential for knowledge-sharing and collaboration among designated operators and other stakeholders in the field of postal financial services,

Emphasizing

the need to foster international cooperation and exchange of best practices, knowledge and expertise in postal financial services to develop efficient growth and sustainability of the sector,

Also acknowledging

the need for reliable and up-to-date information on postal financial services to inform policymaking and the development of up-to-date regulatory frameworks,

Reaffirming

the importance of achieving the United Nations Sustainable Development Goals, in particular Goal 1 (No Poverty) and Goal 8 (Decent Work and Economic Growth),

Knowing

that the increase in digitization across the globe and the changes in lifestyle of people in developing and developed countries is driven by the growth of the financial services sector, as well as the emergence of financial technologies and innovative payment methods which have set new benchmarks for seamless customer experiences that the concerned entities need to embrace through partnerships or their own development,

Further recognizing

the significant revenue that many designated operators receive from the provision of postal financial services, and the key role of postal financial services in promoting and enabling financial inclusion in their respective member countries,

In view of

the study on the UPU's Vision 2030 for Postal Financial Services recently commissioned by the Union, which confirmed the imminent need for change in the Union's approach to, and role in, the delivery of postal financial services, which need to become more aligned and relevant to the evolving digital landscape and transformations across the globe,

Also noting

that at their October 2022 sessions, both councils approved the creation of dedicated structures to address the recommendations and development proposals associated with the UPU Vision 2030 for Postal Financial Services,

Convinced

that the implementation of postal financial service reforms, enablement of strategic partnerships and creation of new competitive digital products and solutions are needed to facilitate the transfer of knowledge and sharing of best practices with regard to the role of Union member countries, their designated operators and other eligible entities in advancing postal digital financial service (DFS) priorities,

Further noting

that the current limited level of funding for the development of DFS is resulting in challenges in the delivery of competitive, up-to-date DFS products, solutions and services to meet the current and future needs of UPU members,

Bearing in mind

that additional funding might be required to reach this enhanced DFS aspiration, particularly in the form of extrabudgetary contributions,

Decides

- to foster diversification of the existing UPU offering through new partnerships and funding models to facilitate and secure the required financial investments, enable digital infrastructure enhancements, deploy the digital products and solutions required by members and provide technical assistance on the ground;
- to support wider engagement with Union member countries while accelerating the digital financial inclusion and sustainability goals and initiatives in support of the United Nations Sustainable Development Goals,

Instructs

the Director General,

to ensure, within the framework of the Director General's exclusive attributions set forth in article 128 of the General Regulations, that the International Bureau is equipped with an appropriate administrative structure aimed at the provision of a postal payment and financial services advisory knowledge centre for the benefit of Union member countries, their designated operators and other eligible postal sector entities. In particular, this structure should ideally cater to the following objectives:

- *Knowledge creation and dissemination:* to produce and disseminate research, studies and analytical tools on postal payment and financial services, including market trends, customer needs and regulatory frameworks;
- *Capacity building:* to provide training, technical assistance and advisory services to designated operators, financial regulators and other stakeholders involved in the provision of postal payment and financial services;

- *Networking and partnership*: to foster international cooperation and exchange of best practices, knowledge and expertise among relevant stakeholders involved in the provision of postal payment and financial services;
- *Advocacy and awareness-raising*: to promote public awareness and understanding of the potential of postal payment and financial services to enhance financial inclusion and support sustainable development, and to advocate for policies and measures that facilitate the development of the sector,

Also instructs

the Council of Administration and the Postal Operations Council, in their respective areas of competence, to consider, as applicable, the establishment of formal relations with other entities with a view to supporting the work of the aforementioned activities, including in the areas of research, capacity-building and technical assistance.

(Proposition 06, plenary, third meeting)

Resolution C 7/2023

UPU climate action

Congress,

In view of

Resolution C 17/2021, adopted by acclamation at the Abidjan Congress, which set in motion the evaluation, report and recommendations to the Extraordinary Congress, on the feasibility of the postal sector adopting voluntary targets to reduce greenhouse gas emissions from its operations over a defined period of time, taking into consideration nationally determined goals,

Aware

that climate change, anthropogenic interference with the climate system, and their effects on every country on this planet constitute a major challenge faced by our generation and of paramount importance to the generations to follow,

Noting

that the United Nations General Assembly adopted in 2015 the 2030 Agenda for Sustainable Development, which includes five goals relating to climate protection, reduction of greenhouse gas emissions and environmental sustainability, which makes this policy area imperative for the Union as a specialized agency of the United Nations,

Noting also

that measurement and target setting for greenhouse gas emissions are the cornerstones of international commitments to limit global warming to well below two degrees Celsius, as outlined in the 2015 Paris Agreement, and that the member countries of the 27th UN Climate Change Conference of the Parties (COP 27), held in 2022, reiterated the urgency of the climate crisis,

Considering

that the designated operators (DOs) of Union member countries, along with other postal sector entities, operate over half a million vehicles, utilize thousands of buildings, and employ a workforce of more than 5.3 million; and that the postal sector, through its cross-border transportation network, universal reach to the remotest areas and transport-intensive daily last-mile delivery, is therefore a contributor to global greenhouse gas emissions, making reduction efforts in this sector particularly relevant,

Further considering

that some DOs and other postal sector entities of Union member countries already have a comprehensive strategy in place to measure and reduce their carbon footprint, while many others do not,

Aware

that some customers, especially in the fast-growing area of e-commerce, increasingly demand postal delivery services with full transparency of their carbon footprint and mitigation measures,

Bearing in mind

the various postal sector initiatives under way to address these issues, and the need for access to knowledge and best practice sharing as well as policy coherence,

Mindful

that any action to be carried out must take into consideration policy, operational and financial requirements, and acknowledge the heterogeneity of Union member countries and their respective postal markets, taking into account the United Nations Framework Convention on Climate Change and the nationally determined contributions set out in the Paris Agreement,

Cognizant

that the Council of Administration and Postal Operations Council have advanced the deliverables set out in Abidjan Congress resolution C 17/2021 during the 2022–2023 period of the Abidjan cycle, and that actions for continuing their implementation have been planned for the remainder of the cycle,

Given

that the goal of the Quality of Service Fund is to improve quality of service in the postal supply chain, as further stipulated in its Rules of Procedure,

Further noting

the outcomes of the sector-wide study of greenhouse gas emissions undertaken in the past year as well as the recommendations made to this Congress concerning feasible targets for the reduction of the scope 1 and 2 emissions of DOs,

Noting in addition

that, despite being challenging to report, scope 3 emissions may also form a proportion of total emissions,

Acknowledges

the challenges that developing countries, in particular the least developed countries and small island developing states, may face in meeting the expectations and contributing to the voluntary targets set out in this resolution,

Decides

- to adopt a voluntary global scope 1 and 2 aspirational emission reduction target of 85% by 2050, against the 2021 baseline, covering total emissions from all DOs, taking into account different national circumstances;
- to adopt a tiered approach to target setting, contained in Annex 1 to this resolution, where each DO can, on a discretionary basis, choose to join a tier that reflects its current capabilities and ambitions for climate action;
- to adopt a collective emission reduction target of 30% by 2030, against the 2021 baseline, for total scope 1 and 2 emissions for Tier 1 DOs;
- irrespective of group targets, to encourage DOs to develop individual scope 1 and 2 emission reduction strategies and roadmaps,

Strongly urges

UPU designated operators to join a target tier that reflects their current capabilities and ambitions for climate action,

Instructs

- the Council of Administration and Postal Operations Council to:
 - support the establishment and operation of the UPU climate facility, including through financial and technical contributions and a framework for data sharing;
 - facilitate partnerships with other organizations and institutions to support the facility's work, including in the areas of resource sharing, research, capacity building and technical assistance;
 - promote the facility's work and disseminate its outputs among relevant national and international audiences;
 - study the possibilities with regard to funding climate action in developing countries by means of the Quality of Service Fund;
 - conduct periodic revisions to global or tier-based emission reduction targets based on the stocktakes that the International Bureau conducts according to this resolution, and report proposed revisions to Congress whenever needed,
- the International Bureau to:
 - conduct emission stocktakes at appropriate intervals, to enable the reporting of progress towards reaching the global UPU aspirational emission reduction target for 2050,
 - report to the Council of Administration and Postal Operations Council in 2025 on collective progress towards the 2030 Tier 1 emission reduction target;
 - publish the list of Tier 1 and Tier 2 DOs on 1 January 2024, and report any changes at subsequent meetings of the Council of Administration and Postal Operations Council;
 - create a climate facility for DOs and other postal sector entities to improve access to finance, capacity building tools, technology transfer and a supportive policy environment, particularly for DOs in developing countries, in a systemic institutional manner. Such a facility will formalize existing International Bureau activities around climate finance, knowledge sharing and related secretariat services to create enabling conditions for extensive climate action by DOs and other postal sector entities. The facility comprises three pillars, as follows:
 - A climate finance foundation that aims to match the rising demand for financing postal projects with the financing interests of climate action institutions;
 - A climate knowledge hub that aims to foster the capacity of the postal community to undertake an environmental transition through capacity building and technology transfer; and
 - Secretariat services – noting that the sector's climate transformation requires policy engagement in multiple domains, the facility will also provide secretariat services that include a convening function, partnership development and communications support;
 - develop a work plan and budget for the facility in consultation with member countries and stakeholders;
 - seek to secure funding for the management of the facility;
 - launch consultations no later than 2024 on the possible scope of a set of voluntary operational performance indicators for climate actions, aimed at DOs and WPSPs ;
 - develop a work programme to establish and implement climate performance requirements for UPU products, services and tools. The work programme shall cover the following activities:
 - Screening of all products and services under review by the task force as a priority, and reporting to the CA on follow-up actions necessary for improving the climate performance thereof;
 - Routinely reviewing new UPU climate action tools developed for DOs for their potential for use by WPSPs, and presenting the review results to the relevant UPU committee for decision,

Invites

- DOs and WPSPs to join the postal climate transparency action (Annex 3) voluntarily to communicate their postal climate transformation strategy and intended actions, and all those using UPU products and services to share with the UPU any climate-relevant data generated as a result;
- WPSPs that are members of the Consultative Committee to:
 - share or co-develop climate tools, case studies or business models with the UPU;
 - make financial contributions to UPU climate initiatives.

(Proposal 07.Rev 2, plenary, fourth meeting)

Annex 2

Postal climate transparency action

Climate change will shape the future of the global postal sector. This action makes visible the initiatives of individual postal stakeholders to broad and decisive climate action. It is also intended to support the process of interagency collaboration at national and international level.

This action recognizes that the postal sector could make a significant contribution to reducing global emissions; that there is a need to manage the risks that climate breakdown poses to postal operations; and that the postal network is well placed to support broader mitigation, adaptation and resilience outside of the sector.

Designated operator Other

will support climate action by the postal sector through the following initiatives:

[Before signing, please edit the text below to retain only the relevant individual initiatives]

(amended by the 2016 Istanbul, 2018 Addis Ababa, 2021 Abidjan and 2023 Riyadh Additional Protocols)

The undersigned plenipotentiaries of the Governments of member countries of the Universal Postal Union (hereinafter the "Union"), having regard to article 21.2 of the Constitution of the Union, concluded at Vienna on 10 July 1964, have, by common consent, and subject to article 24.3 and 5 of the said Constitution, drawn up in these General Regulations the following provisions securing the application of the Constitution and the functioning of the Union.

Chapter I

Organization, functions and operation of Congresses, the Council of Administration, the Postal Operations Council and the Consultative Committee

Section 1

Congress

Article 101

Organization and convening of Congresses and Extraordinary Congresses

1 The representatives of member countries shall meet in Congress not later than four years after the end of the year during which the preceding Congress took place.

2 Each member country shall arrange for its representation at Congress by one or more plenipotentiaries furnished by their Government with the necessary powers. It may, if need be, arrange to be represented by the delegation of another member country. Nevertheless it shall be understood that a delegation may represent only one member country other than its own.

3 In principle, each Congress shall designate the country in which the next Congress will be held. If that designation proves inapplicable, the Council of Administration shall be authorized to designate the country where Congress is to meet, after consultation with the latter country.

4 After consultation with the International Bureau, the host Government shall fix the definitive date and the precise locality of Congress. In principle one year before that date, the host Government shall send an invitation to the Government of each member country of the Union. This invitation may be sent direct or through the intermediary of another Government or through the Director General of the International Bureau.

5 When a Congress has to be convened without a host Government, the International Bureau, with the agreement of the Council of Administration and after consultation with the Government of the Swiss Confederation, shall take the necessary steps to convene and organize the Congress in the country in which the seat of the Union is situated. In this event, the International Bureau shall perform the functions of the host government.

6 The meeting place of an Extraordinary Congress shall be fixed, after consultation with the International Bureau, by the member countries which have initiated that Congress.

7 Paragraphs 2 to 5 and article 102 shall be applicable by analogy to Extraordinary Congresses.

Article 102

Right to vote at Congress

Each member country shall be entitled to one vote, subject to the sanctions provided for in article 150.

Article 103

- 1.7 approve the draft quadrennial Union business plan;
- 1.8 fix the maximum amount of the Union's expenditure, in accordance with article 20 of the Constitution;
- 1.9 elect the member countries to sit on the Council of Administration and the Postal Operations Council, in accordance with, inter alia, the electoral procedures laid down in the Congress resolutions pertaining to this matter;
- 1.10 elect the Director General and Deputy Director General;
- 1.11 set in a Congress resolution the ceiling of the costs to be borne by the Union for the production of documents in Chinese, German, Portuguese and Russian.

2 Congress, as the supreme body of the Union, shall deal with such other questions concerning postal services.

Article 104

Rules of Procedure of Congresses

1 For the organization of its work and the conduct of its debates, Congress shall apply its Rules of Procedure.

2 Each Congress may amend its Rules of Procedure under the conditions laid down in those Rules of Procedure.

In that case, the Council of Administration shall elect as Chair one of the members belonging to the geographical group of the host member country.

3 The forty other members of the Council of Administration shall be elected by Congress on the basis of an equitable geographical distribution.  - 1.5 declarations of support must reach the International Bureau within the same period of time as the proposal to which they refer.
- 2 Proposals concerning the Constitution or the General Regulations shall reach the International Bureau not later than four months before the opening of Congress; any received after that date but before the opening of Congress shall not be considered unless Congress so decides by a majority of two thirds of the member countries represented at Congress and unless the conditions laid down in paragraph 1 are fulfilled.

3 Every proposal must, as a rule, have only one aim and contain only the changes justified by that aim. Similarly, each proposal liable to lead to significant costs for the Union shall be accompanied by an indication of its financial impact, prepared by the member country submitting the proposal, in consultation with the International Bureau, so that the financial resources needed for its implementation can be determined.

4 Drafting proposals shall be headed "Drafting proposal" by the member countries which submit them and shall be published by the International Bureau under a number followed by the letter R. Proposals which do not bear this indication but which, in the opinion of the International Bureau, deal only with drafting points shall be published with an appropriate annotation; the International Bureau shall draw up a list of these proposals for Congress.

Article 141

1 To be eligible for consideration, every proposal concerning the Convention or the Agreements submitted by a member country between Congresses shall be supported by at least two other member countries. Such proposals shall lapse if the International Bureau does not receive, at the same time, the necessary number of declarations of support.

2 These proposals shall be sent to other member countries through the intermediary of the International Bureau.

Article 142

Consideration of proposals amending the Convention or the Agreements between Congresses

1 Every proposal concerning the Convention, the Agreements and their Final Protocols shall be subject to the following procedure: where a member country has sent a proposal to the International Bureau, the latter shall forward it to all member countries for examination. They shall be allowed a period of 45 days in which to examine the proposal and forward any observations to the International Bureau. Amendments shall not be admissible. Once these 45 days have elapsed, the International Bureau shall forward to member countries all the observations it has received and invite each member country to vote for or against the proposal. Member countries whose votes have not been received by the International Bureau within a period of 45 days shall be considered as having abstained. The aforementioned periods shall be reckoned from the dates of the International Bureau circulars. Any documentation and observations arising from the aforementioned procedure shall be submitted by physical or secure electronic means and, in the case of member country submissions to the International Bureau, be signed by a duly authorized representative of the governmental authority of the member country concerned. For the purposes of this paragraph, "secure electronic means" shall refer to any electronic means used for the processing, storage and transmission of data that ensure that the completeness, integrity and confidentiality of the data are maintained during the submission of the aforementioned documentation and observations by the International Bureau or a member country.

2 If the proposal relates to an Agreement of the Union or its Final Protocol, only the member countries which are parties to that Agreement may take part in the procedure described in paragraph 1.

Article 143

- 1 The Regulations and any amendments thereto shall enter into force on the date specified therein as decided by the Postal Operations Council, and shall remain in force for an indefinite period.
- 2 Subject to the provisions of paragraph 1, decisions on amending the Acts of the Union which are adopted between Congresses shall not take effect until at least three months after their notification.

Chapter IV

Finance

Article 146

Fixing of the expenditure of the Union

- 1 Subject to the provisions of paragraphs 2 to 6, the annual expenditure relating to the activities of bodies of the Union may not exceed 38,890,030 Swiss francs for the years 2022 **and 2023, and 39,512,270 Swiss francs for the years 2024 and 2025**. In the event that the Congress planned for 2025 is postponed, **the latter ceiling** shall also apply to the post-2025 period.
- 2 The expenditure relating to the convening of the next Congress (travelling expenses of the secretariat, transport charges, cost of installing simultaneous interpretation equipment, cost of reproducing documents during the Congress, etc.) shall not exceed the limit of 2,900,000 Swiss francs.
- 3 The Council of Administration shall be authorized to exceed the limits laid down in paragraphs 1 and 2 to take account of increases in salary scales, pension contributions or allowances, including post adjustments, approved by the United Nations for application to its staff working in Geneva.
- 4 The Council of Administration shall also be authorized to adjust, each year, the amount of expenditure other than that relating to staff on the basis of the Swiss consumer price index.
- 5 Notwithstanding paragraph 1, the Council of Administration, or in case of extreme urgency, the Director General, may authorize the prescribed limits to be exceeded to meet the cost of major and unforeseen repairs to the International Bureau building, provided however that the amount of the increase does not exceed 125,000 Swiss francs per annum.

6 If the credits authorized in paragraphs 1 and 2 prove inadequate to ensure the smooth running of the Union, these limits may only be exceeded with the approval of the majority of the member countries of the Union. Any consultation shall include a complete description of the facts justifying such a request.

Article 147

Regulation of member countries' contributions

1 Countries which accede to the Union or are admitted to the status of members of the Union as well as those which leave the Union shall pay their contributions for the whole of the year during which their admission or withdrawal becomes effective.

2 Member countries shall pay their contributions to the Union's annual expenditure in advance on the basis of the budget laid down by the Council of Administration. These contributions shall be paid not later than the first day of the financial year to which the budget refers. After that date, the sums due shall be chargeable with interest in favour of the Union at the rate of 5% per annum from the fourth month.

3 Where the arrears of mandatory contributions, not including interest, owed to the Union by a member country are equal to or more than the amount of the contributions of that member country for the preceding two financial years, such member country may irrevocably assign to the Union all or part of the credits owed it by other member countries, in accordance with the arrangements laid down by the Council of Administration. The conditions of this assignment of credit shall be determined by agreement reached between the member country, its debtors/creditors and the Union.

4 A member country which, for legal or other reasons, cannot make such an assignment must undertake to conclude a schedule for the amortization of its arrears.

5 Other than in exceptional circumstances as decided by Congress or the Council of Administration, recovery of arrears of mandatory contributions owed to the Union may not extend over more than ten years. In cases where Congress or the Council of Administration approves a payment agreement longer than twenty years, the minimum amount of the annual arrears contribution should be at least equal to the annual contribution of the member country signatory to the agreement.

6 Also in exceptional circumstances, as decided by Congress or the Council of Administration, either body may release a member country from all or part of the interest owed if that country has paid the full principal amount of its debts in arrears.

7 In similarly exceptional circumstances, Congress or the Council of Administration may, upon written request of the member country concerned, decide to release that member country from its debts in arrears and immediately lift the automatic sanctions imposed against it, subject to payment of an amount at least equivalent to one half of the total amount of debts in arrears (excluding any interest incurred thereon) owed by that member country.

8 Congress or the Council of Administration may also, upon written request of a member country with long-standing debts in arrears, decide to exceptionally release that member country from its debts in arrears and immediately lift the automatic sanctions imposed against it, provided the member country concerned pays its last five years of mandatory contributions to the Union's annual expenditure (including the current financial year and excluding any interest incurred thereon).

8.1 For the purposes of paragraph 8, "long-standing debts in arrears" shall be defined as any amounts in arrears (including interest) pertaining to mandatory contributions to the Union's annual expenditure incurred over a period longer than the last five financial years.

8.2 Equally for the purposes of paragraph 8 and specifically in the case of least developed countries and small island developing states as defined in article 151.1, Congress or the Council of Administration may exceptionally determine that the "last five years of mandatory contributions" of the member country concerned shall be calculated on the basis of the current contribution class to which that member country belongs, in which case the relevant current contribution class amount shall be multiplied five times.

9 In the case of least developed countries and small island developing states, as defined in article 151.1, that are authorized to benefit from either of the exceptional payment arrangements outlined in paragraphs 7 and 8 of this article, at least 50% of the amounts paid by the member country concerned shall be earmarked for Union-led postal technical assistance projects aimed at benefiting that same member country.

10 Any principal or interest amounts released in the framework of the exceptional payment arrangements outlined in paragraphs 7 and 8 of this article shall not be cancelled, but set aside and provisioned by the Union in accordance with its relevant financial rules. In the event the member country concerned subsequently falls under automatic sanctions, the aforementioned amounts shall once more be registered by the Union, with immediate effect, as debts in arrears for the member country in question.

11 A member country may also be released, within the framework of an amortization schedule approved by the Council of Administration for its accounts in arrears, from all or part of the interest accumulated or to accrue; such release shall, however, be subject to the full and punctual execution of the amortization schedule within an agreed period of ten years at most.

12 The provisions under paragraphs 3 to 11 apply by analogy to the translation costs billed by the International Bureau to member countries belonging to the language groups.

13 The International Bureau shall send bills to member countries at least three months before their due date. The original bills shall be sent to the correct address provided by the member country concerned. Electronic copies of the bills shall be sent via e-mail as pre-advice or alerts.

14 Furthermore, the International Bureau shall provide member countries with clear information each time it charges them interest on overdue payment of particular bills, so that member countries can easily verify to which bills the interest corresponds.

Article 148

Shortfalls in financing

1 A Reserve Fund shall be established with the Union to cover shortfalls in financing. Its amount shall be fixed by the Council of Administration. The Fund shall be maintained primarily from budget surpluses, and may also be used to balance the budget or reduce the amount of member countries' contributions.

2 In case of temporary shortfalls in Union financing, the Government of the Swiss Confederation shall make the necessary short-term advances to the Union, on conditions fixed by mutual agreement.

Article 149

Supervision of book-keeping and accounting

The Government of the Swiss Confederation shall supervise, without charge, the book-keeping and accounting of the International Bureau within the limits of the credits fixed by Congress.

Article 150

Automatic sanctions

1 Any member country unable to make the assignment provided for in article 147.3 and which does not agree to submit to an amortization schedule proposed by the International Bureau in accordance with article 147.4, or which does not comply with such a schedule shall automatically lose its right to vote at Congress and at meetings of the Council of Administration and the Postal Operations Council and shall no longer be eligible for membership of these two Councils.

2 Automatic sanctions shall be lifted as a matter of course and with immediate effect as soon as the member country concerned has paid its arrears of mandatory contributions owed to the Union, in capital and interest, or has agreed with the Union to submit to a schedule for the amortization of the arrears.

Article 151

Contribution classes

1 Member countries shall contribute to defraying Union expenses according to the contribution class to which they belong. The structure of the contribution classes shall commence at one unit and rise in incremental one-unit steps to a level defined with reference to the most recent scale of assessments for the apportionment of the expenses of the United Nations. Member countries shall choose their contribution class on the basis of their economic capacity while considering the aforementioned scale of assessments. The member countries listed by the United Nations as the least developed countries shall pay half a contribution unit. Small island developing states with a population of less than 200,000 (as listed by the United Nations) shall pay one tenth of a contribution unit.

2 Notwithstanding the contribution classes listed in paragraph 1, any member country may elect to contribute a higher number of units, for a minimum term equivalent to the period between Congresses. The announcement of a change shall be made at the latest at Congress. At the end of the period between Congresses, the member country shall return automatically to its original number of contribution units unless it decides to maintain its contribution of a higher number of units. The payment of additional contributions will increase the expenditure accordingly.

3 Member countries shall choose their number of units upon their admission or accession to the Union, while considering the most recent scale of assessments for the apportionment of the expenses of the United Nations, in accordance with the procedure laid down in article 20.4 of the Constitution.

4 Member countries paying above the economic capacities assessed through reference to the scale of assessments for the apportionment of the expenses of the United Nations shall have the right to reduce their number of units by up to a maximum of two units per Congress cycle, provided that this does not result in a lower contribution than they would pay under the current scale of assessments for the apportionment of the expenses of the United Nations. The cost of any such reduction shall be borne in solidarity by all member countries in accordance with the procedure laid down in article 20.3 of the Constitution. Member countries paying at a level below their economic capacity, as assessed through reference to the scale of assessments for the apportionment of the expenses of the United Nations, shall be invited to increase their number of units by at least two per Congress cycle until they have reached the level of the current scale of assessments referred to above. Those member countries that fail to do so shall not benefit from the reduction in the value of the contribution unit resulting from the increase in the overall number of contribution units.

5 Nevertheless, in exceptional circumstances such as natural disasters necessitating international aid programmes, the Council of Administration may authorize a temporary reduction in contribution class once between two Congresses when so requested by a member country if the said member establishes that it can no longer maintain its contribution at the class originally chosen.

6 The temporary reduction in contribution class in application of paragraph 5 may be authorized by the Council of Administration for a maximum period of two years or up to the next Congress, whichever is earlier. On expiry of the specified period, the country concerned shall automatically revert to its original contribution class.

7 Changes to a higher class shall not be subject to any restriction.

Article 152

Payment for supplies from the International Bureau

Supplies provided by the International Bureau to member countries and their designated operators against payment shall be paid for in the shortest possible time and at the latest within six months from the first day of the month following that in which the account is sent by the Bureau. After that period the sums due shall be chargeable with interest in favour of the Union at the rate of 5% per annum reckoned from the date of expiry of that period.

Article 153

Organization of user-funded subsidiary bodies

1 Subject to the approval of the Council of Administration, the POC may establish a number of user-funded subsidiary bodies, funded by voluntary means, in order to organize operational, commercial, technical and economic activities which fall within its competence under article 18 of the Constitution, but which may not be financed by the regular budget.

2 Upon the creation of such a body under the POC, the POC shall decide on the basic framework of the rules of procedure of the body, taking due consideration of the fundamental rules and principles of the Union as an intergovernmental organization, and shall submit it to the CA for approval. The basic framework shall include the following elements:

2.1 the mandate;

2.2 the constituency, including the categories of members participating;

2.3 decision-making rules, including its internal structure and its relationship with other Union bodies;

2.4 voting and representation principles;

2.5 financing (subscription, usage fees, etc.);

2.6 composition of secretariat and management structure.

3 Each user-funded subsidiary body shall organize its activities in an autonomous manner within the basic framework decided by the POC and approved by the CA, and shall prepare an annual report on its activities for consideration by the POC.

4 The Council of Administration shall establish the rules concerning support costs that user-funded subsidiary bodies should contribute to the regular budget, and shall publish them in the UPU Financial Regulations.

5 The Director General of the International Bureau shall administer the secretariat of the user-funded subsidiary bodies in accordance with the relevant Staff Regulations and Rules, as applicable to the staff recruited for the user-funded subsidiary bodies. The secretariat of the subsidiary bodies shall be an integral part of the International Bureau.

6 Information concerning user-funded subsidiary bodies established in accordance with this article shall be reported to Congress following their establishment.

Chapter V Arbitration

Article 154

Arbitration procedure

1 If a dispute has to be settled by arbitration between member countries, each member country must advise the other party in writing of the subject of the dispute and inform it, by means of a notice to initiate arbitration, that it wishes to initiate arbitration.

2 If the dispute concerns questions of an operational or technical nature, each member country may ask its designated operator to act in accordance with the procedure provided for in the following paragraphs and delegate such power to its operator. The member country concerned shall be informed of the progress of the proceedings and of the result. The respective member countries or designated operators shall hereafter be referred to as "parties to the arbitration".

3 The parties to the arbitration shall appoint either one or three arbitrators.

4 Where the parties to the arbitration choose to appoint three arbitrators, each party shall, in accordance with paragraph 2, select a member country or designated operator not directly involved in the dispute, to act as an arbitrator. When several member countries and/or designated operators make common cause, they shall count only as a single party for the purposes of these provisions.

5 Where the parties agree to the appointment of three arbitrators, the third arbitrator shall be jointly agreed upon by the parties and shall not need to be from a member country or designated operator.

6 If the dispute concerns one of the Agreements, the arbitrators may be appointed only from among the member countries that are parties to that Agreement.

7 The parties to the arbitration may jointly agree to appoint a single arbitrator, who shall not need to be from a member country or designated operator.

8 If one or both parties to the arbitration do not, within a period of three months from the date of the notice to initiate arbitration, appoint an arbitrator or arbitrators the International Bureau shall, if so requested, itself call upon the defaulting member country to appoint an arbitrator, or shall itself appoint one automatically. The International Bureau shall not be involved in the deliberations or act as arbitrator unless otherwise mutually requested by the parties. In the latter case, the International Bureau shall serve as an arbitrator on a paid basis and in accordance with the relevant dispute settlement procedures adopted by the Council of Administration.

9 The parties to the arbitration may mutually agree to reconcile the dispute at any time before a ruling is delivered by the arbitrator or arbitrators. Notice of any withdrawal must be submitted in writing to the International Bureau within 10 days of the parties reaching such agreement. Where the parties agree to withdraw from the arbitration process, the arbitrator or arbitrators shall lose their authority to decide the matter.

10 The arbitrator or arbitrators shall be required to make a decision on the dispute based on the facts and evidence before them. All information regarding the dispute must be notified to both parties and the arbitrator or arbitrators.

11 The decision of the arbitrator or arbitrators shall be taken by a majority of votes, and notified to the International Bureau and the parties within six months of the date of the notice to initiate arbitration.

12 The arbitration proceedings shall be confidential, and only a brief description of the dispute and the decision shall be advised in writing to the International Bureau within 10 days of the decision being delivered to the parties.

13 The decision of the arbitrator or arbitrators shall be final and binding on the parties and not subject to appeal.

14 The parties to the arbitration shall implement the decision of the arbitrator or arbitrators without delay. Where a designated operator is delegated power by its member country to initiate and adhere to the arbitration procedure, the member country shall be responsible for ensuring that the designated operator implements the decision of the arbitrator or arbitrators.

Chapter VI Use of languages within the Union

Article 155 Working languages of the International Bureau

The working languages of the International Bureau shall be French and English.

Article 156

Languages used for documentation, for debates and for official correspondence

1 In the documentation published by the Union, the French, English, Arabic and Spanish languages shall be used. The Chinese, German, Portuguese and Russian languages shall also be used, provided that only the most important basic documentation is produced in these languages. Other languages may also be used on condition that the member countries which have made the request bear all of the costs involved.

2 The member country or countries which have requested the use of a language other than the official language constitute a language group.

3 Documentation shall be published by the International Bureau in the official language and in the languages of the other duly constituted language groups, either directly or through the intermediary of the regional offices of those groups in conformity with the procedures agreed with the International Bureau. Publication in the different languages shall be effected in accordance with a common standard.

4 Documentation published directly by the International Bureau shall, as far as possible, be distributed simultaneously in the different languages requested.

5 Correspondence between the member countries or their designated operators of member countries and the International Bureau and between the latter and outside entities may be exchanged in any language for which the International Bureau has available a translation service.

6 The costs of translation into any language, including those resulting from the application of paragraph 5 and article 137, shall be borne by the language group which has asked for that language. The member countries using the official language shall pay, in respect of the translation of non-official documents, a lump-sum contribution, the amount of which per contribution unit shall be the same as that borne by the member countries using the other International Bureau working language. All other costs involved in the supply of documents shall be borne by the Union. The ceiling of the costs to be borne by the Union for the production of documents in Chinese, German, Portuguese and Russian shall be fixed by a Congress resolution.

7 The costs to be borne by a language group shall be divided among the members of that group in proportion to their contributions to the expenses of the Union. These costs may be divided among the members of the language group according to another system, provided that the member countries concerned agree to it and inform the International Bureau of their decision through the intermediary of the spokesman of the group.

8 The International Bureau shall give effect to any change in the choice of language requested by a member country after a period which shall not exceed two years.

9 For the discussions at meetings of the Union's bodies, the French, English, Spanish, Russian and Arabic languages shall be admissible, by means of a system of interpretation – with or without electronic equipment – the choice being left to the judgment of the organizers of the meeting after consultation with the Director General of the International Bureau and the member countries concerned.

10 Other languages shall likewise be admissible for the discussions and meetings mentioned in paragraph 9.

11 Delegations using other languages shall arrange for simultaneous interpretation into one of the languages mentioned in paragraph 9, either by the system indicated in the same paragraph, when the necessary technical modifications can be made, or by individual interpreters.

12 The costs of the interpretation services shall be shared among the member countries using the same language in proportion to their contributions to the expenses of the Union. However, the costs of installing and maintaining the technical equipment shall be borne by the Union.

13 Member countries and/or their designated operators may come to an understanding about the language to be used for official correspondence in their relations with one another. In the absence of such an understanding, the language to be used shall be French.

Chapter VII Final provisions

Article 157

To become effective, proposals submitted to Congress relating to these General Regulations shall be approved by a majority of the member countries represented at Congress and having the right to vote. At least two thirds of the member countries of the Union having the right to vote shall be present at the time of voting.

Article 158

Proposals concerning the Agreements with the United Nations

The conditions of approval referred to in article 157 shall apply equally to proposals designed to amend the Agreements concluded between the Universal Postal Union and the United Nations, in so far as those Agreements do not lay down conditions for the amendment of the provisions they contain.

Article 159

Entry into force and duration of the General Regulations

These General Regulations shall come into force on 1 January 2014 and shall remain in force for an indefinite period.

In witness whereof the plenipotentiaries of the Governments of the member countries have signed these General Regulations in a single original which shall be deposited with the Director General of the International Bureau. It shall carry with it the obligation for each member country to ensure that its designated operators forward, always by the quickest routes and the most secure means which they use for their own items, closed mails and à découvert letter-post items which are passed to them by another designated operator. This principle shall also apply to missent items and misrouted mails.

2 Member countries which do not participate in the exchange of postal items containing infectious substances or radioactive substances shall have the option of not admitting these items in transit à découvert through their territory. The same shall also apply to printed papers, periodicals, magazines, small packets and M bags the content of which does not satisfy the legal requirements governing the conditions of their publication or circulation in the country crossed.

Article 11

Exchange of closed mails with military units

1 Closed letter-post mails may be exchanged through the intermediary of the land, sea or air services of other countries:

- 1.1 between the post offices of any member country and the commanding officers of military units placed at the disposal of the United Nations;

The rates and conditions of dispatch applicable to them shall be fixed, according to its regulations, by the designated operator of the member country which has made the military unit available or to which the ships or aircraft belong.

3 In the absence of special agreement, the designated operator of the member country which has made the military unit available or to which the warships or military aircraft belong shall be liable to the designated operators concerned for the transit charges for the mails, the terminal dues and the air conveyance dues.

Article 12

Posting abroad of letter-post items

1 A designated operator shall not be bound to forward or deliver to the addressee letter-post items which senders residing in the territory of its member country post or cause to be posted in a foreign country with the object of profiting by the more favourable rate conditions there.

2 The provisions set out under 1 shall be applied without distinction both to letter-post items made up in the sender's country of residence and then carried across the frontier and to letter-post items made up in a foreign country.

3 The designated operator of destination may claim from the designated operator of posting, payment of the internal rates. If the designated operator of posting does not agree to pay these rates within a time limit set by the designated operator of destination, the latter may either return the items to the designated operator of posting and shall be entitled to claim reimbursement of the redirection costs, or handle them in accordance with its national legislation.

4 A designated operator shall not be bound to forward or deliver to the addressees letter-post items which senders post or cause to be posted in large quantities in a country other than the country where they reside if the amount of terminal dues to be received is lower than the sum that would have been received if the mail had been posted in the country where the senders reside. The designated operator of destination may claim from the designated operator of posting payment commensurate with the costs incurred and which may not exceed the higher of the following two amounts: either 80% of the domestic tariff for equivalent items, or the

rates applicable pursuant to articles 29, 30.5 to 30.11, 30.12 and 30.13, or 31.17, as appropriate. If the designated operator of posting does not agree to pay the amount claimed within a time limit set by the designated operator of destination, the designated operator of destination may either return the items to the designated operator of posting and shall be entitled to claim reimbursement of the redirection costs, or handle them in accordance with its national legislation.

Article 13

Use of the Union's forms

1 Unless otherwise provided by the Acts of the Union, only designated operators shall use the Union's forms and documentation for the operation of postal services and exchange of postal items in accordance with the Acts of the Union.

2 Designated operators may use the Union's forms and documentation for the operation of extraterritorial offices of exchange (ETOE), as well as international mail processing centres (IMPCs) established by designated operators outside their respective national territory, as further defined in paragraph 6, in order to facilitate the operation of the aforementioned postal services and exchange of postal items.

3 The exercise of the possibility outlined in paragraph 2 shall be subject to the national legislation or policy of the member country or territory in which the ETOE or IMPC is established. In this regard, and without prejudice to the designation obligations contained in article 2, designated operators shall guarantee the continued fulfilment of their obligations under the Convention and be fully responsible for all their relations with other designated operators and with the International Bureau.

4 The requirement set forth in paragraph 3 shall equally apply to the destination member country for the acceptance of postal items from such ETOEs and IMPCs.

5 Member countries shall inform the International Bureau on their policies with regard to postal items transmitted and/or received from ETOEs or IMPCs. Such information shall be made available on the Union's website.

6 Strictly for the purposes of this article, ETOEs shall be defined as offices or facilities established for commercial purposes and operated by designated operators or under the responsibility of designated operators on the territory of a member country or territory other than their own, with the objective of drawing business in markets outside their respective national territory. IMPCs shall be defined as international mail processing facilities for the processing of international mail exchanged either in order to generate or receive mail dispatches, or to act as transit centres for international mail exchanged between other designated operators.

7 Nothing in this article shall be construed to imply that ETOEs or IMPCs (including the designated operators responsible for their establishment and operation outside their respective national territory) are in the same situation under the Acts of the Union as designated operators of the host country, nor impose a legal obligation on other member countries to recognize such ETOEs or IMPCs as designated operators on the territory where they are established and operated.

Section II

Quality of service standards and targets

Article 14

Quality of service standards and targets

1 Member countries or their designated operators shall establish, publish and update delivery standards and targets for their inward letter-post items and parcel-post items in the relevant compendia as specified in the Regulations.

2 These standards and targets, increased by the time normally required for customs clearance, shall be no less favourable than those applied to comparable items in their domestic service.

3 Member countries or their designated operators of origin shall also establish and publish end-to-end standards for priority and airmail letter-post items as well as for parcels and economy/surface parcels.

4 Member countries or their designated operators shall measure the application of quality of service standards.

Section III

Charges, surcharges and exemption from postal charges

Article 15

Charges

1 The charges for the various postal services defined in the Convention shall be set by the member countries or their designated operators, depending on national legislation, in accordance with the principles set out in the Convention and its Regulations. They shall in principle be related to the costs of providing these services.

2 The member country of origin or its designated operator, depending on national legislation, shall fix the postage charges for the conveyance of letter- and parcel-post items. The postage charges shall cover delivery of the items to the place of address provided that this delivery service is operated in the country of destination for the items in question.

3 The charges collected, including those laid down for guideline purposes in the Acts, shall be at least equal to those collected on internal service items presenting the same characteristics (category, quantity, handling time, etc.).

4 Member countries or their designated operators, depending on national legislation, shall be authorized to exceed any guideline charges appearing in the Acts.

5 Above the minimum level of charges laid down in 3, member countries or their designated operators may allow reduced charges based on their national legislation for letter-post items and parcels posted in the territory of the member country. They may, for instance, give preferential rates to major users of the Post.

6 No postal charge of any kind may be collected from customers other than those provided for in the Acts.

7 Except where otherwise provided in the Acts, each designated operator shall retain the charges which it has collected.

Article 16

Exemption from postal charges

1 Principle

1.1 Cases of exemption from postal charges, as meaning exemption from postal prepayment, shall be expressly laid down by the Convention. Nonetheless, the Regulations may provide for exemption from postal prepayment, transit charges, terminal dues and inward rates for letter-post items and postal parcels sent by member countries, designated operators and Restricted Unions and relating to the postal services. Furthermore, letter-post items and postal parcels sent by the International Bureau of the Union to Restricted Unions, member countries and designated operators shall be exempted from all postal charges. However, the member country of origin or its designated operator shall have the option of collecting air surcharges on the latter items.

2 Prisoners of war and civilian internees

2.1 Letter-post items, postal parcels and postal payment services items addressed to or sent by prisoners of war, either direct or through the offices mentioned in the Regulations of the Convention and of the Postal Payment Services Agreement, shall be exempt from all postal charges, with the exception of air surcharges. Belligerents apprehended and interned in a neutral country shall be classed with prisoners of war proper so far as the application of the foregoing provisions is concerned.

- 2.2 The provisions set out under 2.1 shall also apply to letter-post items, postal parcels and postal payment services items originating in other countries and addressed to or sent by civilian internees as defined by the Geneva Convention of 12 August 1949 relative to the protection of civilian persons in time of war, either direct or through the offices mentioned in the Regulations of the Convention and of the Postal Payment Services Agreement.
- 2.3 The offices mentioned in the Regulations of the Convention and of the Postal Payment Services Agreement shall also enjoy exemption from postal charges in respect of letter-post items, postal parcels and postal payment services items which concern the persons referred to under 2.1 and 2.2, which they send or receive, either direct or as intermediaries.
- 2.4 Parcels shall be admitted free of postage up to a weight of 5 kilogrammes. The weight limit shall be increased to 10 kilogrammes in the case of parcels the contents of which cannot be split up and of parcels addressed to a camp or the prisoners' representatives there ("hommes de confiance") for distribution to the prisoners.
- 2.5 In the accounting between designated operators, rates shall not be allocated for service parcels and for prisoner-of-war and civilian internee parcels, apart from the air conveyance dues applicable to air parcels.
- 3 Items for the blind
- 3.1 Any item for the blind sent to or by an organization for the blind or sent to or by a blind person shall be exempt from all postal charges, with the exception of air surcharges, to the extent that these items are admissible as such in the internal service of the sending designated operator.
- 3.2 In this article:
- 3.2.1 a blind person means a person who is registered as blind or partially sighted in his or her country or who meets the World Health Organization's definition of a blind person or a person with low vision;
- 3.2.2 an organization for the blind means an institution or association serving or officially representing blind persons;
- 3.2.3 items for the blind shall include correspondence, literature in whatever format including sound recordings, and equipment or materials of any kind made or adapted to assist blind persons in overcoming the problems of blindness, as specified in the Regulations.

Customers shall be clearly informed in advance about the required fee.
- 4 Designated operators shall be authorized to collect from the senders or addressees of items, as the case may be, the customs duty and all other fees which may be due.

Section VI

Liability

Article 21

Inquiries

- 1 Each designated operator shall be bound to accept inquiries relating to parcels or registered or insured items posted in its own service or that of any other designated operator, provided that the inquiries are presented by customers within a period of six months from the day after that on which the item was posted. The transmission and processing of inquiries between designated operators shall be made under the conditions laid down in the Regulations. The period of six months shall concern relations between claimants and designated operators and shall not include the transmission of inquiries between designated operators.
- 2 Inquiries shall be free of charge. However, additional costs caused by a request for transmission by EMS shall, in principle, be borne by the person making the request.

Article 22

Liability of designated operators. Indemnities

1 General

- 1.1 Except for the cases provided for in article 23, designated operators shall be liable for:
 - 1.1.1 the loss of, theft from or damage to registered items, ordinary parcels (with the exception of parcels in the e-commerce delivery category ("ECOMPRO parcels"), whose specifications are further defined in the Regulations) and insured items;
 - 1.1.2 the return of registered items, insured items and ordinary parcels on which the reason for non-delivery is not given.
- 1.2 Designated operators shall not be liable for items other than those mentioned in 1.1.1 and 1.1.2, nor for ECOMPRO parcels.
- 1.3 In any other case not provided for in this Convention, designated operators shall not be liable.
- 1.4 When the loss of or total damage to registered items, ordinary parcels and insured items is due to a case of force majeure for which indemnity is not payable, the sender shall be entitled to repayment of the charges paid for posting the item, with the exception of the insurance charge.
- 1.5 The amounts of indemnity to be paid shall not exceed the amounts mentioned in the Regulations.

- 1.6 In cases of liability, consequential losses, loss of profits or moral damage shall not be taken into account in the indemnity to be paid.
- 1.7 All provisions regarding liability of designated operators shall be strict, binding and complete. Designated operators shall in no case, even in case of severe fault, be liable above the limits provided for in the Convention and the Regulations.
- 2 Registered items
- 2.1 If a registered item is lost, totally rifled or totally damaged, the sender shall be entitled to an indemnity set in the Regulations. If the sender has claimed an amount less than the amount set in the Regulations, designated operators may pay that lower amount and shall receive reimbursement on this basis from any other designated operators involved.
- 2.2 If a registered item is partially rifled or partially damaged, the sender is entitled to an indemnity corresponding, in principle, to the actual value of the theft or damage.
- 3 Ordinary parcels
- 3.1 If a parcel is lost, totally rifled or totally damaged, the sender shall be entitled to an indemnity of an amount set in the Regulations. If the sender has claimed an amount less than the amount set in the Regulations, designated operators may pay that lower amount and shall receive reimbursement on this basis from any other designated operators involved.
- 3.2 If a parcel is partially rifled or partially damaged, the sender shall be entitled to an indemnity corresponding, in principle, to the actual value of the theft or damage.
- 3.3 Designated operators may agree to apply, in their reciprocal relations, the amount per parcel set in the Regulations, regardless of the weight.
- 4 Insured items
- 4.1 If an insured item is lost, totally rifled or totally damaged, the sender shall be entitled to an indemnity corresponding, in principle, to the insured value in SDRs.
- 4.2 If an insured item is partially rifled or partially damaged, the sender shall be entitled to an indemnity corresponding, in principle, to the actual value of the theft or damage. It may, however, in no case exceed the amount of the insured value in SDRs.
- 5 If a registered or insured letter-post item is returned and the reason for non-delivery is not given, the sender shall be entitled to a refund of the charges paid for posting the item only.
- 6 If a parcel is returned and the reason for non-delivery is not given, the sender shall be entitled to a refund of the charges paid by the sender for posting the parcel in the country of origin and the expenses occasioned by the return of the parcel from the country of destination.
- 7 In the cases mentioned in 2, 3 and 4, the indemnity shall be calculated according to the current price, converted into SDRs, of articles or goods of the same kind at the place and time at which the item was accepted for conveyance. Failing a current price, the indemnity shall be calculated according to the ordinary value of articles or goods whose value is assessed on the same basis.
- 8 When an indemnity is due for the loss of, total theft from or total damage to a registered item, ordinary parcel or insured item, the sender, or the addressee, as the case may be, shall also be entitled to repayment of the charges and fees paid for posting the item with the exception of the registration or insurance charge. The same shall apply to registered items, ordinary parcels or insured items refused by the addressee because of their bad condition if that is attributable to the designated operator and involves its liability.
- 9 Notwithstanding the provisions set out under 2, 3 and 4, the addressee shall be entitled to the indemnity for a rifled, damaged or lost registered item, ordinary parcel or insured item if the sender waives his rights in writing in favour of the addressee. This waiver shall not be necessary in cases where the sender and the addressee are the same.

10 The designated operator of origin shall have the option of paying senders in its country the indemnities prescribed by its national legislation for registered items and uninsured parcels, provided that they are not lower than those laid down in 2.1 and 3.1. The same shall apply to the designated operator of destination when the indemnity is paid to the addressee. However, the amounts laid down in 2.1 and 3.1 shall remain applicable:

- 10.1 in the event of recourse against the designated operator liable; or
- 10.2 if the sender waives his rights in favour of the addressee.

11 Reservations concerning the exceeding of deadlines for inquiries and payment of indemnity to designated operators, including the periods and conditions fixed in the Regulations, shall not be made, except in the event of bilateral agreement.

Article 23

Non-liability of member countries and designated operators

1 Designated operators shall cease to be liable for registered items, parcels and insured items which they have delivered according to the conditions laid down in their regulations for items of the same kind. Liability shall, however, be maintained:

- 1.1 when theft or damage is discovered either prior to or at the time of delivery of the item;
- 1.2 when, national regulations permitting, the addressee, or the sender if it is returned to origin, makes reservations on taking delivery of a rifled or damaged item;
- 1.3 when, national regulations permitting, the registered item was delivered to a private mail-box and the addressee declares that he did not receive the item;
- 1.4 when the addressee or, in the case of return to origin, the sender of a parcel or of an insured item, although having given a proper discharge, notifies the designated operator that delivered the item without delay that he has found theft or damage. He shall furnish proof that such theft or damage did not occur after delivery. The term "without delay" shall be interpreted according to national law.

2 Member countries and designated operators shall not be liable:

- 2.1 in cases of force majeure, subject to article 18.5.9;
- 2.2 when they cannot account for items owing to the destruction of official records by force majeure, provided that proof of their liability has not been otherwise produced;
- 2.3 when such loss or damage has been caused by the fault or negligence of the sender or arises from the nature of the contents;
- 2.4 in the case of items that fall within the prohibitions specified in article 19;
- 2.5 when the items have been seized under the national legislation of the country of destination, as notified by the member country or designated operator of that country;
- 2.6 in the case of insured items which have been fraudulently insured for a sum greater than the actual value of the contents;
- 2.7 when the sender has made no inquiry within six months from the day after that on which the item was posted;
- 2.8 in the case of prisoner-of-war or civilian internee parcels;
- 2.9 when the sender's actions may be suspected of fraudulent intent, aimed at receiving compensation.

3 Member countries and designated operators shall accept no liability for customs declarations in whatever form these are made or for decisions taken by the Customs on examination of items submitted to customs control.

Article 24

Sender's liability

1 The sender of an item shall be liable for injuries caused to postal officials and for any damage caused to other postal items and postal equipment, as a result of the dispatch of articles not acceptable for conveyance or the non-observance of the conditions of acceptance.

2 In the case of damage to other postal items, the sender shall be liable for each item damaged within the same limits as designated operators.

3 The sender shall remain liable even if the office of posting accepts such an item.

4 However, where the conditions of acceptance have been observed by the sender, the sender shall not be liable, in so far as there has been fault or negligence in handling the item on the part of designated operators or carriers, after acceptance.

Article 25

Payment of indemnity

1 Subject to the right of recourse against the designated operator which is liable, the obligation to pay the indemnity and to refund the charges and fees shall rest either with the designated operator of origin or with the designated operator of destination.

2 The sender may waive his rights to the indemnity in favour of the addressee. The sender, or the addressee in the case of a waiver, may authorize a third party to receive the indemnity if national legislation allows this.

Article 26

Possible recovery of the indemnity from the sender or the addressee

1 If, after payment of the indemnity, a registered item, a parcel or an insured item or part of the contents previously considered as lost is found, the sender or the addressee, as the case may be, shall be advised that the item is being held at his disposal for a period of three months on repayment of the amount of the indemnity paid. At the same time he shall be asked to whom the item is to be delivered. In the event of refusal or failure to reply within the prescribed period, the same approach shall be made to the addressee or the sender as the case may be, granting that person the same period to reply.

2 If the sender and the addressee refuse to take delivery of the item or do not reply within the period provided for in paragraph 1, it shall become the property of the designated operator or, where appropriate, designated operators which bore the loss.

3 In the case of subsequent discovery of an insured item the contents of which are found to be of less value than the amount of the indemnity paid, the sender or the addressee, as the case may be, shall repay the amount of this indemnity against return of the item, without prejudice to the consequences of fraudulent insurance.

Section VII Remuneration

A. Transit charges

Article 27 Transit charges

Closed mails and à découvert transit items exchanged between two designated operators or between two offices of the same member country by means of the services of one or more other designated operators (third party services) shall be subject to the payment of transit charges. The latter shall constitute remuneration for the services rendered in respect of land transit, sea transit and air transit. This principle shall also apply to missent items and misrouted mails.

B. Terminal dues

Article 28 Terminal dues. General provisions

1 Subject to exemptions provided in the Regulations, each designated operator which receives letter-post items from another designated operator shall have the right to collect from the dispatching designated operator a payment for the costs incurred for the international mail received.

2 For the application of the provisions concerning the payment of terminal dues by their designated operators, countries and territories shall be classified in accordance with the lists drawn up for this purpose by Congress in its resolution C 7/2016, as follows:

- 2.1 countries and territories in the target system prior to 2010 (group I);
- 2.2 countries and territories in the target system as of 2010 and 2012 (group II);
- 2.3 countries and territories in the target system as from 2016 (group III);
- 2.4 countries and territories in the transitional system (group IV).

3 The provisions of the present Convention concerning the payment of terminal dues are transitional arrangements, moving towards a country-specific payment system at the end of the transition period.

4 Access to domestic services. Direct access

- 4.1 In principle, each designated operator of a country that was in the target system prior to 2010 shall make available to the other designated operators all the rates, terms and conditions offered in its domestic service on conditions identical to those proposed to its national customers. It shall be up to the designated operator of destination to decide whether the terms and conditions of direct access have been met by the designated operator of origin.
- 4.2 Designated operators of countries in the target system prior to 2010 shall make available to other designated operators of countries that were in the target system prior to 2010 the rates, terms and conditions offered in their domestic service, on conditions identical to those proposed to their national customers.
- 4.3 Designated operators of countries that joined the target system from 2010 may opt to make available to a limited number of designated operators the application of domestic conditions, on a reciprocal basis, for a trial period of two years. After that period, they must choose either to cease making available the application of domestic conditions or to continue to make their own domestic conditions available to all designated operators. However, if designated operators of countries that joined the target system from 2010 ask designated operators of countries that were in the target system prior to 2010 for the application of domestic conditions, they must make available to all designated operators the rates, terms and conditions offered in their domestic service on conditions identical to those proposed to their national customers.

- 4.4 Designated operators of countries in the transitional system may opt not to make available to other designated operators the application of domestic conditions. They may, however, opt to make available to a limited number of designated operators the application of domestic conditions, on a reciprocal basis, for a trial period of two years. After that period, they must choose either to cease making available the application of domestic conditions or to continue to make their own domestic conditions available to all designated operators.
- 5 Terminal dues remuneration shall be based on quality of service performance in the country of destination. The Postal Operations Council shall therefore be authorized to supplement the remuneration in articles 29, 30 and 31 to encourage participation in monitoring systems and to reward designated operators for reaching their quality targets. The Postal Operations Council may also fix penalties in case of insufficient quality, but the remuneration shall not be less than the minimum remuneration according to articles 30 and 31.
- 6 Any designated operator may waive wholly or in part the payment provided for under 1.
- 7 M bags weighing less than 5 kilogrammes shall be considered as weighing 5 kilogrammes for terminal dues payment purposes. The terminal dues rates to be applied for M bags shall be:
- 7.1 for the year 2022, 1.016 SDR per kilogramme;
- 7.2 for the year 2023, 1.044 SDR per kilogramme;
- 7.3 for the year 2024, 1.073 SDR per kilogramme;
- 7.4 for the year 2025, 1.103 SDR per kilogramme.
- 8 For registered items there shall be an additional payment of 1.463 SDR per item for 2022, 1.529 SDR per item for 2023, 1.598 SDR per item for 2024 and 1.670 SDR for 2025. For insured items, there shall be an additional payment of 1.777 SDR per item for 2022, 1.857 SDR per item for 2023, 1.941 SDR per item for 2024 and 2.028 SDR for 2025. The Postal Operations Council shall be authorized to supplement remuneration for these and other supplementary services where the services provided contain additional features to be specified in the Regulations.
- 9 For tracked delivery service items there shall be an additional payment of 0.400 SDR per item in accordance with the conditions specified in the Regulations. The Postal Operations Council shall be authorized to supplement remuneration for tracked delivery service items on the basis of performance in the electronic transmission of information, as specified in the Regulations.
- 10 For small packets, registered and insured and tracked delivery service items not carrying a barcoded identifier or carrying a barcoded identifier that is not compliant with the Union's Technical Standard S10, there shall be a further additional payment of 0.5 SDR per item unless otherwise bilaterally agreed.
- 11 The Postal Operations Council shall be authorized to supplement remuneration and/or fix penalties in relation to designated operators' compliance with the requirements for providing electronic advance data on letter-post items containing goods.
- 12 The remuneration for returned undeliverable letter-post items shall be specified in the Regulations.
- 13 For terminal dues payment purposes, letter-post items posted in bulk in accordance with the conditions specified in the Regulations shall be referred to as "bulk mail". The payment for bulk mail shall be established as provided for in articles 29, 30 and 31, as appropriate.
- 14 Any designated operator may, by bilateral or multilateral agreement, apply other payment systems for the settlement of terminal dues accounts.
- 15 Designated operators may exchange non-priority mail on an optional basis by applying a 10% discount to the priority terminal dues rate.

16 The provisions applicable between designated operators of countries in the target system shall apply to any designated operator of a country in the transitional system which declares that it wishes to join the target system. The Postal Operations Council may set transitional measures in the Regulations. The full provisions of the target system may apply to any new target designated operator that declares that it wishes to apply such full provisions without transitional measures.

Article 29

Terminal dues. Self-declaration of rates for bulky (E) and small packet (E) letter-post items

1 Beginning with rates in effect for the year 2021 onwards and notwithstanding articles 30 and 31, designated operators may notify the International Bureau by 1 June of the year preceding the year in which the self-declared rates would apply of a self-declared rate per item and a self-declared rate per kilogramme, expressed in local currency or SDR, that shall apply for bulky (E) and small packet (E) letter-post items in the following calendar year. The International Bureau shall annually convert the self-declared rates provided in local currency into values expressed in SDR. To calculate the rates in SDR, the International Bureau shall use the average monthly exchange rate of the five-month period ending 31 March of the year preceding the year for which the self-declared rates would be applicable. The resultant rates shall be notified by means of an International Bureau circular no later than 1 July of the year preceding the year in which the self-declared rates would apply. The self-declared rates for bulky (E) and small packet (E) letter-post items shall be substituted as appropriate in any reference or rate calculation pertaining to bulky (E) and small packet (E) letter-post items elsewhere in the Convention or the Regulations. Additionally, each designated operator shall provide the International Bureau with its domestic rates for equivalent services in order to calculate the relevant ceiling rates.

1.1 Subject to 1.2 and 1.3, the self-declared rates shall:

1.1.1 at the average E format weight of 0.158 kilogrammes, not be higher than the country-specific ceiling rates calculated in accordance with paragraph 1.2;

1.1.2 be based on 70%, or the applicable percentage in paragraph 8, of the domestic single-piece charge for items equivalent to bulky (E) and small packet (E) letter-post items offered by the designated operator in its domestic service and in effect on 1 June of the year preceding the year for which the self-declared rates would be applicable;

1.1.3 be based on the domestic single-piece charge in force for items within the designated operator's domestic service having the specified maximum size and shape dimensions of bulky (E) and small packet (E) letter-post items;

1.1.4 be made available to all designated operators;

1.1.5 be applied only to bulky (E) and small packet (E) letter-post items;

1.1.6 be applied to all bulky (E) and small packet (E) letter-post flows other than bulky (E) and small packet (E) letter-post flows from countries in the transitional system to countries in the target system, and between countries in the transitional system, if mail flows do not exceed 100 tonnes per year;

1.1.7 be applied to all bulky (E) and small packet (E) letter-post flows except for bulky (E) and small packet (E) letter-post flows between countries in the target system as from 2010, 2012 and 2016, and from those countries to countries in the target system prior to 2010, if mail flows do not exceed 25 tonnes per year.

1.2 The self-declared rates per item and per kilogramme for bulky (E) and small packet (E) letter-post items shall not be higher than the country-specific ceiling rates determined by a linear regression of 11 points corresponding to 70%, or the applicable percentage in paragraph 8, of the priority single-piece tariffs of equivalent domestic services for 20-gramme, 35-gramme, 75-gramme, 175-gramme, 250-gramme, 375-gramme, 500-gramme, 750-gramme, 1,000-gramme, 1,500-gramme and 2,000-gramme bulky (E) and small packet (E) letter-post items, exclusive of any taxes.

1.2.1 The determination of whether the self-declared rates exceed the ceiling rates shall be tested at the average revenue using the most current worldwide average composition of one kilogramme of mail in which an E format item weighs 0.158 kilogrammes. In instances in which the self-declared rates exceed the ceiling rates at the average E format weight of 0.158 kilogrammes, the ceiling per-item and per-kilogramme rates shall apply; alternatively, the designated operator in question may choose to reduce its self-declared rates to a level that conforms with paragraph 1.2.

- 1.2.2 When multiple packet rates are available based on thickness, the lesser domestic tariff shall be used for items up to 250 grammes, and the higher domestic tariff shall be used for items above 250 grammes.
 - 1.2.3 Where zonal rates apply in the equivalent domestic service, the mid-point rate as specified in the Regulations shall be used, and domestic tariffs for non-contiguous zones shall be excluded for determination of the mid-point rate. Alternatively, the determination of the zonal tariff to be used may be based on the actual weighted average distance of inbound bulky (E) and small packet (E) letter-post items (for the most recent calendar year).
 - 1.2.4 Where the equivalent domestic service and tariff include additional features that are not part of the basic service, i.e. tracking, signature and insurance services, and such features are extended across all the weight increments listed in paragraph 1.2, the lesser of the corresponding domestic supplemental rate, the supplemental rate, or the suggested guideline charge in the Acts of the Union shall be deducted from the domestic tariff. The total deduction for all additional features may not exceed 25% of the domestic tariff.
 - 1.3 Where the country-specific ceiling rates calculated in accordance with paragraph 1.2 result in a revenue calculated for an E format item at 0.158 kilogrammes that is lower than the revenue calculated for the same item at the same weight on the basis of the rates specified below, the self-declared rates shall not be higher than the following rates:
 - 1.3.1 for the year 2020, 0.614 SDR per item and 1.381 SDR per kilogramme;
 - 1.3.2 for the year 2021, 0.645 SDR per item and 1.450 SDR per kilogramme;
 - 1.3.3 for the year 2022, 0.677 SDR per item and 1.523 SDR per kilogramme;
 - 1.3.4 for the year 2023, 0.711 SDR per item and 1.599 SDR per kilogramme;
 - 1.3.5 for the year 2024, 0.747 SDR per item and 1.679 SDR per kilogramme;
 - 1.3.6 for the year 2025, 0.784 SDR per item and 1.763 SDR per kilogramme.
 - 1.4 Any additional conditions and procedures for the self-declaration of rates applicable to bulky (E) and small packet (E) letter-post items shall be laid down in the Regulations. All other provisions of the Regulations pertaining to bulky (E) and small packet (E) letter-post items shall apply to self-declared rates, unless they are inconsistent with this article.
 - 1.5 Designated operators of countries in the transitional system may apply self-declared rates on the basis of sampling of their inbound flows.
- 2 In addition to the ceiling rates provided for in 1.2, the notified self-declared rates shall not be higher than the maximum revenues defined for the years 2021 to 2025, as follows:
- 2.1 2021: the revenue calculated on the basis of the self-declared rates shall be set at the lowest between the country-specific ceiling rates and the revenue in 2020 for an E format item at 0.158 kilogrammes increased by 15%;
 - 2.2 2022: the revenue calculated on the basis of the self-declared rates shall be set at the lowest between the country-specific ceiling rates and the revenue in 2021 for an E format item at 0.158 kilogrammes increased by 15%;
 - 2.3 2023: the revenue calculated on the basis of the self-declared rates shall be set at the lowest between the country-specific ceiling rates and the revenue in 2022 for an E format item at 0.158 kilogrammes increased by 16%;
 - 2.4 2024: the revenue calculated on the basis of the self-declared rates shall be set at the lowest between the country-specific ceiling rates and the revenue in 2023 for an E format item at 0.158 kilogrammes increased by 16%;
 - 2.5 2025: the revenue calculated on the basis of the self-declared rates shall be set at the lowest between the country-specific ceiling rates and the revenue in 2024 for an E format item at 0.158 kilogrammes increased by 17%.

3 For rates in effect in 2021 and subsequent years, the ratio between the self-declared item rate and kilogramme rate shall not change by more than five percentage points upwards or downwards compared with the ratio of the previous year. For designated operators that self-declare rates under paragraph 7 or apply self-declared rates on a reciprocal basis under paragraph 9, the ratio in effect in 2020 shall be based on the self-declared per-item rate and per-kilogramme rate established as of 1 July 2020.

4 Designated operators that opt not to self-declare their rates in accordance with this article shall fully apply the provisions contained in articles 30 and 31.

5 For designated operators that have elected to self-declare their rates for bulky (E) and small packet (E) letter-post items in a prior calendar year and that do not communicate different self-declared rates for the subsequent year, the existing self-declared rates shall continue to apply unless they do not satisfy the conditions laid out in this article.

6 The International Bureau shall be informed by the designated operator concerned of any reduction in the domestic charge referred to in this article.

7 With effect from 1 July 2020, and notwithstanding paragraphs 1 and 2, a designated operator of a member country that received total annual inbound letter-post volumes in 2018 in excess of 75,000 tonnes (as per the relevant official information provided to the International Bureau or any other officially available information assessed by the International Bureau) may self-declare rates for bulky (E) and small packet (E) letter-post items, other than for the letter-post flows referred to in paragraphs 1.1.6 and 1.1.7. The said designated operator shall also have the right not to apply the revenue increase limits set out in paragraph 2 for mail flows to, from and between its country and any other country.

8 If a competent authority with oversight for the designated operator which exercises the aforementioned option in paragraph 7 determines that, in order to cover all costs for handling and delivery of bulky (E) and small packet (E) letter-post items, the designated operator's self-declared rate any year after 2020 must be based on a cost-to-tariff ratio that exceeds 70% of the domestic single-piece charge, then the cost-to-tariff ratio for that designated operator may exceed 70%, subject to a limitation that the cost-to-tariff ratio to be used shall not exceed one percentage point above the higher of 70% or the cost-to-tariff ratio used in the calculation of the self-declared rates currently in effect, not to exceed 80%, and provided that the designated operator in question furnishes all such supporting information with its notification to the International Bureau under paragraph 1. If any such designated operator increases its cost-to-tariff ratio based on such a determination of a competent authority, then it shall notify the International Bureau of that ratio for publication by 1 May of the year preceding the year in which the ratio shall apply. Further specifications related to the costs and revenues to be used for the calculation of the specific cost-to-tariff ratio shall be provided in the Regulations.

9 Where a designated operator of a member country invokes paragraph 7, all other corresponding designated operators (including those whose exempted outbound flows are referred to in paragraphs 1.1.6 and 1.1.7) may do likewise and self-declare rates for bulky (E) and small packet (E) letter-post items with respect to the aforementioned designated operator without being subject to the maximum revenue increase limits set out in paragraph 2. Paragraph 8 of this article shall also apply to all such corresponding designated operators. With respect to any such corresponding designated operators that elect to apply self-declared rates under this paragraph 9 (including those whose outbound flows are optionally eligible for exemption under paragraphs 1.1.6 and 1.1.7), the self-declared rates of the designated operator that invoked paragraph 7 shall reciprocally apply.

10 Any designated operator that invokes the possibility outlined in paragraph 7 shall, in the calendar year of the entry into force of the initial rates, be required to pay a charge to the Union, for five consecutive years (beginning with the calendar year of application of the option referred to above under 7), in the amount of 8 million CHF per annum, for a total of 40 million CHF. No further payment shall be expected for self-declaration of rates in accordance with this paragraph after the conclusion of the five-year period.

10.1 The charge referred to above shall be exclusively allocated in accordance with the following methodology: 16 million CHF shall be allocated to a tied fund of the Union for the implementation of projects aimed at electronic advance data and postal security under the terms of a letter of agreement executed between the said designated operator and the Union; and 24 million CHF shall be allocated to a tied fund for the purposes of funding long-term liabilities of the Union, as further defined by the

Council of Administration, under the terms of a letter of agreement executed between the said designated operator and the Union.

10.2 The charge set forth in this paragraph shall not apply to those designated operators of member countries that apply self-declared rates reciprocally under paragraph 9 as a consequence of another designated operator exercising the option to self-declare rates in accordance with paragraph 7.

10.3 The designated operator paying the charge shall inform the International Bureau each year how the sum of 8 million CHF per annum is to be allocated, provided that the five annual allocations are distributed as set out above, pursuant to the said letter of agreement. A designated operator that exercises the option to self-declare rates in accordance with paragraph 7 shall be provided with due reporting of the expenditures related to the charge remitted, pursuant to this paragraph, under the terms of a letter of agreement executed between the said designated operator and the Union.

11 If a designated operator exercises the option to self-declare rates in accordance with paragraph 7, or if a designated operator reciprocally applies a self-declared rate under paragraph 9, then simultaneously with the introduction of self-declared rates, the said designated operator should consider making available to sending designated operators of Union member countries, on a non-discriminatory basis, proportionately adjusted charges for volume and distance, to the extent practicable and available in the receiving country's published domestic service for similar services under a mutually agreeable bilateral commercial agreement, within the framework of the rules of the national regulatory authority.

Article 30

Terminal dues. Provisions applicable to mail flows between designated operators of countries in the target system

1 Payment for letter-post items, including bulk mail but excluding M bags and IBRS items, shall be established on the basis of the application of the rates per item and per kilogramme reflecting the handling costs in the country of destination. Charges corresponding to priority items in the domestic service which are part of the universal service provision will be used as a basis for the calculation of terminal dues rates.

2 The terminal dues rates in the target system shall be calculated taking into account, where applicable in the domestic service, the classification of items based on their format, as provided for in article 17.5 of the Convention.

3 Designated operators in the target system shall exchange format-separated mails in accordance with the conditions specified in the Regulations.

4 Payment for IBRS items shall be as described in the Regulations.

5 The rates per item and per kilogramme are separated for small (P) and large (G) letter-post items and bulky (E) and small packet (E) letter-post items. They shall be calculated on the basis of 70% of the charges for a 20-gramme small (P) letter-post item and for a 175-gramme large (G) letter-post item, exclusive of VAT or other taxes. For bulky (E) and small packet (E) letter-post items, they shall be calculated from the P/G format line at 375 grammes, exclusive of VAT or other taxes.

6 The Postal Operations Council shall define the conditions for the calculation of the rates as well as the necessary operational, statistical and accounting procedures for the exchange of format-separated mails.

7 The rates applied for flows between countries in the target system in a given year shall not lead to an increase of more than 13% in the terminal dues revenue for a letter-post item in the P/G format of 37.6 grammes and in the E format of 375 grammes, compared to the previous year.

8 The rates applied for flows between countries in the target system prior to 2010 for small (P) and for large (G) letter-post items may not be higher than:

9.3 for the year 2024, 1.045 SDR per item and 2.350 SDR per kilogramme;

9.4 for the year 2025, 1.150 SDR per item and 2.585 SDR per kilogramme.

10 The rates applied for flows between countries in the target system for small (P) and for large (G) letter-post items may not be lower than:

10.1 for the year 2022, 0.272 SDR per item and 2.121 SDR per kilogramme;

10.2 for the year 2023, 0.292 SDR per item and 2.280 SDR per kilogramme;

10.3 for the year 2024, 0.314 SDR per item and 2.451 SDR per kilogramme;

10.4 for the year 2025, 0.330 SDR per item and 2.574 SDR per kilogramme.

15 The terminal dues rates applicable to bulky (E) and small packet (E) letter-post items that have been self-declared pursuant to article 29 shall substitute the rates pertaining to bulky (E) and small packet (E) letter-post items in this article; consequently, the provisions laid down in paragraphs 7, 9 and 11 shall not apply.

Article 31

Terminal dues. Provisions applicable to mail flows to, from and between designated operators of countries in the transitional system

1 In preparation for the entry into the target system of the designated operators of countries in the terminal dues transitional system, payment for letter-post items, including bulk mail but excluding M bags and IBRS items, shall be established on the basis of a rate per item and a rate per kilogramme.

2 Other than for the terminal dues rates applicable to bulky (E) and small packet (E) letter-post items that have been self-declared pursuant to article 29, the provisions of article 30, paragraphs 1 to 3, 5 and 6, shall apply for the calculation of rates per item and per kilogramme applicable to small (P), large (G), bulky (E) and small packet (E) letter-post items.

3 The rates applied for flows to, from and between countries in the transitional system in a given year shall not lead to an increase of more than 15.5% in the terminal dues revenue for a letter-post item in the P/G format of 37.6 grammes, and more than 13% in the terminal dues revenue for a letter-post item in the E format of 375 grammes, compared to the previous year.

4 Payment for IBRS items shall be as described in the Regulations.

6.3 for the year 2024, 0.314 SDR per item and 2.451 SDR per kilogramme;

6.4 for the year 2025, 0.330 SDR per item and 2.574 SDR per kilogramme.

7 Other than for the terminal dues rates applicable to bulky (E) and small packet (E) letter-post items that have been self-declared pursuant to article 29 and in accordance with 2 above, the rates applied for flows to, from and between countries in the transitional system for bulky (E) and small packet (E) letter-post items may not be higher than:

7.4 for the year 2025, 1.150 SDR per item and 2.585 SDR per kilogramme.

8 Other than for the terminal dues rates applicable to bulky (E) and small packet (E) letter-post items that have been self-declared pursuant to article 29 and in accordance with 2 above, the rates applied for flows to, from and between countries in the transitional system for bulky (E) and small packet (E) letter-post items may not be lower than:

8.1 for the year 2022, 0.677 SDR per item and 1.523 SDR per kilogramme;

8.4 for the year 2025, 0.784 SDR per item and 1.763 SDR per kilogramme.

9 Other than for the terminal dues rates applicable to bulky (E) and small packet (E) letter-post items that have been self-declared pursuant to article 29, the per-kilogramme and per-item components shall be converted into a total rate per kilogramme on the basis of a worldwide average composition of one kilogramme of mail as follows:

9.1 for the year 2022, not lower than 6.376 SDR per kilogramme and not higher than 7.822 SDR per kilogramme;

9.2 for the year 2023, not lower than 6.729 SDR per kilogramme and not higher than 8.681 SDR per kilogramme;

10 Other than for the terminal dues rates applicable to bulky (E) and small packet (E) letter-post items that have been self-declared pursuant to article 29, the flat rate per kilogramme shall be applied if neither the designated operator of origin nor the designated operator of destination requests the revision mechanism in order to revise the rate on the basis of the actual number of items per kilogramme, rather than the worldwide average. The sampling for the revision mechanism shall be applied in accordance with the conditions specified in the Regulations.

11 For mail flows from and between countries in the transitional system below 100 tonnes a year, the total rate per kilogramme shall be as follows:

11.1 for the year 2022, 6.376 SDR per kilogramme;

11.2 for the year 2023, 6.729 SDR per kilogramme;

11.3 for the year 2024, 7.105 SDR per kilogramme;

11.4 for the year 2025, 7.459 SDR per kilogramme.

12 For mail flows from countries in the target system to countries in the transitional system below 100 tonnes a year where terminal dues rates applicable to bulky (E) and small packet (E) letter-post items have been self-declared pursuant to article 29, the per-kilogramme and per-item components shall be converted into a total rate per kilogramme on the basis of a worldwide average composition of one kilogramme of mail, as referred to in article 30.14, except for the flows in 29.1.5 of 50 tonnes and above where the country in the transitional system samples its inbound flow.

13 For mail flows to, from and between countries in the transitional system above 100 tonnes a year where terminal dues rates applicable to bulky (E) and small packet (E) letter-post items have been self-declared pursuant to article 29 and where the country of destination decides not to sample the inbound mail, the per-kilogramme and per-item components shall be converted into a total rate per kilogramme on the basis of a worldwide average composition of one kilogramme of mail, as referred to in article 30.14.

14 Except for the mail flows described in paragraph 11, the terminal dues rates applicable to bulky (E) and small packet (E) letter-post items that have been self-declared pursuant to article 29 shall substitute the rates pertaining to bulky (E) and small packet (E) letter-post items in this article; consequently, the provisions laid down in paragraphs 7, 8 and 9 shall not apply.

15 The downward revision of the total rate in paragraph 10 may not be invoked by a country in the target system against a country in the transitional system unless the latter asks for a revision in the opposite direction.

16 For mail flows to, from and between countries in the transitional system that are below 100 tonnes per year, designated operators may send and receive format-separated mail on an optional basis, in accordance with the conditions specified in the Regulations. In the case of format-separated exchanges the rates in paragraphs 5, 6, 7 and 8 above shall apply if the designated operator of destination opts not to self-declare rates pursuant to article 29.

17 The payment for bulk mail to designated operators of countries in the target system shall be established by applying the rates per item and per kilogramme provided for in article 29 or 30. For bulk mail received, designated operators in the transitional system may request payment according to paragraphs 5, 6, 7 and 8 above and article 29, as appropriate.

18 No reservations may be made to this article.
